The general idea in this country that Russia has been purified since the Japanese war and that none of the financial scandals that so nearly destroyed the army have been in this struggle. The fact that the grafters of the Russo-Japanese war were more pliers compared with the grafters of this Russo-Bulgarian war. The Russian Empire has been shaken to its foundations by the looting of the Imperial treasury.

The fact that Russian soldiers had to go into battle with clubs instead of guns because some-

The stories about the regiments of the Czar are all bosh. The 1st Czar of Russia is a Greek and the 2nd Czar is a German. The Grand Duke Nicholas, who has been praised as the grandfather of the age, is also nothing to be reckoned with. The military brain of the czar is the brain of a man who is a renegade Polish soldier of fortune.

SHORTAGE OF MEN.

Contrary to all ideas in this country, Russia is actually running short of men. Her population is supposed to be inexhaustible, but she is exhausted. Her food supplies are becoming a serious problem. Russia has been importing foodstuffs from abroad for some time, and she is unable to work

Russals will be in a very bad way after the war. Among other things, it is sure to be a revolution. For a long time the Russian Empire has been governed by foreigners. Mostly by Polish, German and French adventurers. The Russians hardly occupy a single high office in their own empire. This is the reason why such wholesale looting has always discredited the Russian Empire. In order to retain control it has been obliged to resort to the most brutal and brutal for these rascals to maintain a strict autocratic form of government. When the people cried for reform, the autocrats ruling Russia gave them new territory instead of reform by grabbing new lands hand

been able to still this cry for peace. They realize that, in this war, they will not be able to show the people spoils of war. They dread to have the soldiers come home and that all their losses and sufferings have been for absolutely nothing. They realize that they will, in any case, have more than nothing to give for it. Russia, after the war, will be separated from Western Europe by a buffer beginning with Poland on the north, Poland in the middle and ending with Galicia in the south.

They know furthermore that the object of the establishment of these buffer states is to enable the aggressor to feed poison into the Russian body-polity. The governments of Poland, Courland and Galicia will not be more liberal than the govern-

We who have fought and risked lives, are returning to be rewarded the old conditions of serfdom. The provinces which were wrested from us, have attained liberty. Why are we returning to serfdom?

the ruling class of Russia hate and with a deadly hatred. They think that she is going to help Germany to establish this dangerous system. They hate England because they were obliged by the necessities of war to enter into an alliance with a country whose governmental ideas simply poison to the Russian autocratic system.

Europe is wondering what Caesar will do with the Russian prisoners who were sent to France during the war. With the democratic they have absorbed they will involve in a lamb's pen when return to Russia. It is an open on the continent that those soldiers were sent to France demand of England and be practically as hostages, to good behavior on the part of in a French Both France and suspect the good intentions will.

Her feeling is that she has been turned back on her career; abandoned her idea of becoming the most eastern of western nations and has decided to become the western of eastern nations. She

WOULD REVIS NEUTRALITY.

Eighteen Statutes Favored by
Atty.-Gen. Gregory.

Would Enable President to
Deal with Violators.

More Rigid Censorship on
Wireless is Proposed.

[BY A. P. DAY WIRE.]

WASHINGTON, June 3.—General revision of American neutrality laws was proposed to Congress today in a memorandum submitted by Atty.-Gen. Gregory and considered in the State Department as a result of the government's experience with problems arising out of the war and of relations with Mexico.

Enactment of eighteen new laws is recommended to correct defects in existing statutes, to cover present omissions of law "for the observance of obligations imperatively imposed by international law upon the United States," and to make crime against American neutrality punishable under Federal laws. At present many such acts do not violate Federal criminal law.

Almost every phase of activity in the United States on behalf of foreign governments which has resulted in Federal prosecution under the broad charge of conspiracy would be made specifically criminal by the proposed laws. In addition, the powers of the President would be broadened with respect to withholding clearance of suspected vessels, further employment of the land and naval forces to preserve neutrality, imposing a more rigid censorship upon wireless and cable messages to belligerent countries and seizing arms and ammunition about to be exported in violation of an embargo.

PROPOSED LEGISLATION.

The proposed legislation is as follows:

(1) A law making it a crime to prevent or attempt to prevent exportation of American goods by force or violence to belligerent countries in the manufacture or exportation of such articles or by damages to the articles, the instruments of their transportation or their place of manufacture.

(2) A law making it a crime to set fire to any vessel engaged in foreign commerce with the United States, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(3) A law authorizing the government to forbid the departure from American ports of vessels with arms believed to be destined for belligerent nations on the high seas, or to supply ships of belligerent nations on the high seas with arms or munitions.

(4) Under this law, collectors of customs would be given the right to inspect foreign vessels in American ports at any time, and to detain the vessels or to prevent the inspection would be made criminal.

(5) This proposal would broaden the powers of the Secretary of State in requiring information with respect to the character of the cargo, and to the persons and the vessels, in applications for permits to export arms, munitions, or other goods, and would make criminal the fraudulent obtaining, transfer or use of such permits, and the alteration or forgery of permits issued.

(6) Making criminal "the fraudulent use, application or counterfeiting of the seal of any executive department or government commission."

(7) An act amplifying the ratification provisions of the constitution, and with reference to the powers of the President to censor or prohibit the manner in which wireless messages and cablegrams shall be transmitted to belligerent countries or ships upon the high seas or other waters.

(8) Making it a crime to set fire to, participate in, or attempt to participate in, any vessel engaged in foreign commerce with the United States, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(9) A law making it a crime to intercept, or attempt to intercept, any wireless message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(10) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(11) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(12) This proposal would make it a crime for any person to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(13) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(14) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(15) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(16) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(17) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(18) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(19) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(20) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(21) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(22) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(23) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(24) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(25) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(26) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(27) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

(28) A law making it a crime to intercept, or attempt to intercept, any cable message, or to place bombs or explosives aboard her with intent to injure or destroy the vessel or its cargo.

SUNDAY MORNING.

LABOR.

MAY SETTLE COAST STRIKE.

Prospects of an Early End are
More Favorable.

Japanese Steamship Company
Gives in to Union.

One Man is Badly Beaten by
Rioters in Seattle.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, June 3.—Prospects of an early settlement of the strike of longshoremen which had set shipping in all Pacific ports were more favorable today than at any time since the strike's inception. Following a meeting of the Water Front Workers' Federation, which includes practically all of the important maritime unions, telegrams were sent to the eleven members of the executive board of the Longshoremen's International Union, asking them to be in San Francisco for a meeting with the employers next Monday night. The executive board is conducting the strike in various cities by strike sympathy. The first intimation that a conference with the employers had been arranged was the action of the Toyo Kisen Kaisha, a Japanese steamship company, which operates more than 20 steamers than any other company on the Pacific Coast, in submitting to the union demands for a meeting with the employers next Monday night. The employers' association, however, stated that no other matters would follow the union company's action. The declaration that outsiders would be used today was also reiterated.

NEW DEVELOPMENTS.

There were few other developments during the day and in spite of the fact that some 15,000 men are out of work because of the strike, Seattle was reported as being quiet. One man was shot and three beaten by strike sympathizers there.

A Wilson of the Department of Labor at Washington to Secretary of the Pacific Coast district of the International Longshoremen's Association, who is now in Seattle, urging him to call attention to the fact that the union had violated its agreement to give sixty days' notice before striking.

REDONDO BEACH

LITTLE AFFECTED.

AT WORK ON THE DOCKS

UNDER ARMED GUARDS.

Warships are Patrolled Day and

Night and Large Vessels are Un-

dered Bringing Lumber from

San Diego Harbor and San

Diego.

[LOCAL CORRESPONDENCE.]

REDONDO BEACH, June 3.—The city is the only port south of San Francisco that has not been affected by the strike to such an extent that no unloading is done on the docks. There are 250 men at work at the two wharves here under armed guards who patrol the wharves during the day and night.

Warships are patrolled day and night and large vessels are ordered to bring lumber from San Diego harbor and San Diego.

NON-UNION WORKERS

MAY BE CALLED IN.

LOS ANGELES HARBOR, June 3.—Unless an agreement between the striking longshoremen and dock workers is reached within a few days local lumber companies may attempt to operate their yards with non-union help. It was intimated by the manager of one of the yards here today.

The strike came at a time most favorable for the lumber companies. In many of the yards business was almost at a standstill and they have not been handicapped to any great extent by the strike. The men walked out without making any demands of any kind and gave no reason for their action. Should orders come in that requires the operation of the yards it is said that the companies plan to get help elsewhere.

At the moment the yards are far from being in a panic. So far no efforts have been made to get outside help.

Building operations in the harbor district have practically stopped as a result of the strike. The teamsters union has served notice on employers that no more lumber will be handled from the yards until the strike is settled and the union carmen have refused to handle the lumber. This action may be modified as the result of a conference today to permit union teamsters to load their own load and prevent a tie-up of building work.

The steamer Doris and Gray's Harbor arrived from Aberdeen today with lumber and are rough piling their cargoes on the wharves. The San Gabriel from Umpqua River was sent to Redondo Beach, where several steamer are working cargo. Many of the lumber wharves here are piled full of lumber and but little more can be received until it is moved.

The steamer Congress from Puget Sound and the Yale from San Francisco arriving today made no attempt to discharge freight. The Yale proceeded to San Diego and the Congress will follow tomorrow. It is reported that an attempt may be made tomorrow to discharge with non-union dockworkers the cargo of lumber from the steamer Bear which is due from Portland, but the report has not been confirmed.

BUTTE STREET CARS

DELAYED BY STRIKE.

[BY A. P. NIGHT WIRE.]

BUTTE (Mont.), June 3.—Streetcar service in Butte today was impaired because of conditions growing out of the strike called by the Workingmen's Union, which has demanded a wage of \$1 a day of eight hours, an advance of 50 cents. No attempt is being made to substitute men for the strikers.

Forty linemen employed by the Bell Telephone Company on transferring of current work went out this morning. Aside from streetcar systems all other public utilities are giving about the usual service.

The Master Plumbers and Master Painters shut down a water main in which those trades are employed.

PORTLAND DESIRES

STRIKE SETTLED.

[BY A. P. NIGHT WIRE.]

PORTLAND, June 3.—A strong sentiment among the business men of the city developed here today for the settlement of the strike of longshoremen and dockworkers. Neither the transportation companies nor the unions, however, indicated any intention of settling the strike. The men, both sides looked to San Francisco for any general move in this direction.

Lumber mill owners and other large exporters conferred informally today and decided to attempt to bring about a compromise. They declared it would be easier to bring an amicable settlement now than later when serious clashes had widened the breach.

Three liner Beaver left today for San Francisco. The steamer F. A. Kilburn, which arrived from San Francisco Thursday, has been withdrawn from service. Her crew was sold off there and she is to be used as a tugboat.

Longshoremen are continuing to operate with non-union crews and stevedores.

LITTLE TROUBLE

AT SAN DIEGO.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, June 3.—Quiet reigned along the waterfront here today, the third day since the strike of longshoremen was called. The only ship to arrive was the Pacific Navigation Company's liner, Yale, which arrived from San Francisco and San Pedro, which arrived from Los Angeles.

Although no word would go on record as being quoted, nor give any reasons, the opinion prevailed among the longshoremen here, using the 10,000 feet of lumber, the largest ever brought here, was unloaded yesterday at what No. 3 steamer wharf.

The steamer Avalon from San Francisco is docking at the new wharves here, using the 10,000 feet of lumber, the largest ever brought here, was unloaded yesterday at what No. 3 steamer wharf.

BRITISH DISPUTE

GERMANY'S CLAIM.

DECLARE TENSION FLEET WAS
MUCH SUPERIOR.

[LOCAL CORRESPONDENCE.]

Naval Expert Insists Portion of Squadron Drove All the German Ships Back into the Harbor. Navy will Henceforth Exercise More Caution.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 3.—Edward Price Bell in a copyrighted cable dispatch from London to the Daily News says that from a naval source of the highest competence and reliability I have received this statement:

"Germany's claim that its ships fought a superior British force is ridiculous. What happened was that a portion of our fleet engaged the whole German fleet and drove it into harbor. Naturally we suffered losses, but you may take it from me that the Germans suffered serious losses, also. They suffered so much, indeed, that we suspect they will not embark upon a similar enterprise immediately."

"Please note that Admiral Hübner, director of the German Admiralty, said in the Reichstag: 'Regarding our damage and losses in men no conclusive statement has yet been received. Of course, a number of our ships have been considerably damaged. The main portion of the fleet returned to its harbor.'"

"The last thing we want to do is to exaggerate the German losses. We name no ship as either damaged or sunk unless we know its name. The Germans, on the other hand, make such claims as that they sank the Warrior, the Iron Duke, the Lion and the Tiger, which the Germans said they had sunk on several occasions before we were able to get them back."

"Vice-Admiral Beatty was in the fight and all his ships except those mentioned by us as sunk or damaged—including the Lion and the Tiger, which the Germans said they had sunk on several occasions before we were able to get them back."

"Our boys seem to have done their duty, and the sea forces of the British navy are safely at sea. We let the enemy escape and that we gave him twenty hours the start of us with his misrepresentations and emotional exaggerations concerning the battle."

"Our boys seem to have done their duty, and the sea forces of the British navy are safely at sea. We let the enemy escape and that we gave him twenty hours the start of us with his misrepresentations and emotional exaggerations concerning the battle."

Suits at Brookside.

[LOCAL CORRESPONDENCE.]

PASADENA, June 4.—Marched at the head of his devoted flock Rev. Seth C. Rees, pastor of the University Nazarene Church, tonight joined in a monster demonstration parade by which his congregation celebrated what it regards as a vindication of its pastor.

was the central figure in a sensational church trial last week.

In double file, forming a line 3 blocks long, the University Nazarene Church members marched through the main streets of Pasadena singing gospel hymns and holding aloft banners and transparencies which proclaimed "victory."

Beside Rev. Mr. Rice paced Rev. J. G. Martin, pastor of a large Nazarene church in Boston, who headed the contingent to defend his friend the Pasadena minister, from charges of "un-Christian conduct" at the trial which was

Particularly prominent among the leaders of the parade were a group of Mr. Whitehearts, taken by the thousands of spectators who lined the streets to watch the demonstration to be symbolic of the congregation's conception of their shepherd's purity of spirit.

Hallelujah's and other rousing old-time hymns were sung with vigor by the participants, and frequent points along the line of the crowd assembled on the sidewalks joined in the spirited

One of the women marchers carried a banner, plainly home made which bore the legend, "Ye are bought with a price," regarded by spectators as an especially daring affront to the other elders of the Episcopate church who had preferred charges against Rev. Mr. Reed.

COMES AFTER BRIDE.

One of the weddings attracting most attention in Pasadena was that of Miss Mimsie Hearte, daughter of Mr. and Mrs. J. K. Hearte, of North Locust street, and John Gilman Kulla, a son of Mr. and Mrs. Kulla, of the same street.

The bride wore a smart traveling dress and carried a bouquet of bride roses and lilies of the valley. After the honeymoon in different parts of the state, Mr. and Mrs. Killa will make their home in Attica.

UNSUITABLE.
The fair maids of Pasadena are in tears.
Why?
The knit bathing suits in which they were to swim this summer at Brookside Park plunge will be worn at some other plunge by the maids of another city, while they continue to splash around in them, they say are bathing suits so designated that it is a shame so much cloth should be wasted in their making.
Knit suits? Never! The City

Commissioners has put down its official foot. Knit bathing suits—ah—rather tightly—and ah—you know, Pasadena is well—somewhat conservative.

A new consignment of bathing suits which arrived yesterday contains not one of the knit variety; even a rip can be found in a suit.

The City Commissioners murmur something about manufacturers making mistakes and palming off fashionable goods, but show no intention to return the suits.

CHAMPION TALKERS.

the winning of the fourth debating and oratorical championship by Alviar, a Filipino orator. He represented the Pasadena High School Friday night in Santa Ana. The Pasadena High School also broken string of championships the year.

The Pasadena contestants have first place in the Southwest Debating League, the Interscholastic Oratorical League, the Southern California Oratorical League and Southern California Peace League.

**AL BEACH LAYS
TRAP FOR SPEEDER.**

[LOCAL CORRESPONDENCE.]

AL BEACH, June 8.—More than
arrests have been made by this
motor cop since his appoint-
ment.

about two weeks ago, in a
campaign against speeders.
Several traps have been laid both
on the boulevard leading to Santa
Ana and Long Beach to catch the
speeders. The local speed-top is a
sly sheriff of Orange county and
he had to have the power to chase
violators of the law over on the
Los Angeles county side should the
need arise.

There is no city ordinance
regulating the speed of auto-
mobiles through this young munic-
ipality. Seal Beach will prosecute the
speeders.

POMONA IOWA PICNIC.
[LOCAL CORRESPONDENCE.]
POMONA, June 3.—In an address to 100 persons this afternoon at the annual picnic of the Iowa Amateurs of this city at Ganessa Park, Fred Taft of Los Angeles expressed the opinion that the Iowa picnics which are held in Southern Iowa bring to this State a large amount of favorable publicity. "The

Public was organized sixteen
ago and there are more than
Iowans listed.

THE CITY

AND ENVIRONS.

EVENTS BRIEFLY TOLD

Lecture on Peace.—“Everlasting Peace” is the subject of a lecture to be given at the Walker Theater, Friday evening, by Julius Schipholovsky. No admission will be charged.

For Pennsylvania.—The Washington County Society of Pennsylvania will hold its regular meeting at the residence of J. P. Wilson, No. 128 South Cordova street, Alhambra, next Thursday night at 8 o'clock. J. P. Wilson will preside.

West Virginians to Meet.—The West Virginia Society will hold its monthly meeting and a social and card party, next Thursday evening, the 9th inst., in the Times Assembly Rooms. All former West Virginians and their friends are invited.

New Canyon Report.—Carl Dennis, of Sierra Madre, has opened a new report in the Santa Anita Canyon, at a cost of about \$6000. It is six miles from Sierra Madre, and in the heart of the canyon. This is the fourth report in the big woods.

Family Reunions Joined.—Angel City Lodge, Fraternal Aid Union, held its initiation Friday night in Mozart Hall, and among the persons initiated were a mother and her four sons. Delegates from Water and other lodges were present and the initiation was followed by a banquet.

Debate on Charter.—Under the auspices of the Elysian Heights W.C.T.U., a joint debate on the proposed charter will be held tomorrow evening in the Clifford-street school, Elendale. Charles A. V. Lewis and Fred C. Heflinger will oppose it, and J. W. Heflinger will support it.

The Story Teller's League.—The Story Teller's League will hold its last meeting of the year, Friday, at 4 p.m., on the tenth floor of the Metropolitan building. Miss Patterson of the State Normal School will give several California stories, after which the twelve members will plan are discussed for the next year.

Honoring Oldest Member.—Members of the Centenarian Club will give a reception and banquet at 3 o'clock this afternoon at the residence of R. C. Miller, No. 10 West Tice street, in honor of the oldest member of their organization, Dr. A. M. Morrison, whose age is 94. Each of the twelve members of the club has passed his 80th year.

For New Englanders.—All former residents of New England, their children, descendants and guests are invited to participate in a patriotic celebration and picnic in Syon House Grove from 10 until 4 o'clock on the Fourth of July. This will be under the auspices of the New England Society of Southern California, of which Will D. Gould is president and C. McCormick, secretary and treasurer.

Secretary is Appointed.—The work of the Society for the Study and Prevention of Tuberculosis has grown to such proportions that the services of a secretary for full time are required, and J. M. Magnus has been appointed to this position, with office at No. 111 Normal Hill center.

Madness Club Elects.—The Mothers' Club of St. James playground held its annual election May 31 and the following officers were elected for the ensuing year: President, Mrs. W. W. Brady; first vice-president, Mrs. W. G. Gold; second vice-president, Mrs. A. McAdams; third vice-president, Mrs. R. H. Hinson; secretary, Mrs. M. Richardson; treasurer, Mrs. M. Kruger.

Red Cross Needs.—No immediate cessation of hostilities is anticipated at British Red Cross headquarters, in London, to judge from a letter just received at the Southern California branch office, 121 S. 5th street. The letter contains an emphatic denial of the rumor that there will be no more surgical dressings, bandages, and states that, on the contrary, there is urgent need for more dressings and bandages.

WHI Tour Orient.—D. F. Robertson, manager of the travel agency of the White House, will direct a large party on a tour of Japan, the Philippines, and China, sailing from San Francisco on the liner Tsuru Maru the 10th inst. The party will leave this city the day before sailing. In the party are Capt. and Mrs. A. Sandberg, Miss Rose Sandberg, Mr. and Mrs. Conrad Schweitzer, Miss Mary Schweitzer, Miss Margaret Schweitzer, Harriet Schweitzer, Miss M. Burke, Miss St. Burke, Mr. and Mrs. H. Wright, Mrs. M. F. Bogardus, J. Bogardus, Mr. and Mrs. A. M. Boy, Miss Mary Stacey, Mr. and Mrs. Paul Younger, and family, Miss Grace Ailing, Mr. and Mrs. Howard J. Mason, Mr. and Mrs. F. L. Ewing, Miss Mabel Mason and J. Woodberry.

EYE CANNOT JUDGE STARS.

It is unable to correctly estimate stellar radiation. [Cleveland Plain Dealer.] The remarkable measurements of the radiation of stars made by Dr. Coblentz of the bureau of standards with his new thermo-electric apparatus, in connection with the Crookes reflector at the Lick observatory, have brought out an interesting relationship between total radiation and optical brightness. It appears that the eye is a poor judge of stellar radiation. For example, in the “Dipper” the yellow star Alpha, one of the brightest, is somewhat less than the eye than the blue star Rigel in the handle; yet the total radiation emitted by the former is about twice that of the latter. It is found that in general red stars emit two or three times as much total radiation as blue stars of the same photometric magnitude. Measurements of stellar radiation transmitted through an absorption cell of water reveal the fact that in the spectral region where the eye is sensitive blue stars have about twice as much radiation as yellow stars and three times as much as red stars.

WITH DIME BANKS

HELP AFFLICTED.

CAMPAIGN STARTS HERE FOR BATTLE-BLINDED.

Local sub-treasurer Appointed and it is hoped to raise several thousand dollars, which will be used in Teaching Trades to War's Slighted Victims.

Los Angeles is to join in the dime bank campaign for Europe's battle-blinded. Five hundred thousand artificially designed vest pocket dimes, by means of which several million dollars may be collected throughout the United States to support and train in blind trades Europe's many thousand battle-blinded soldiers, are being issued from the U.S.P. Permanent Blind Relief War Fund, No. 595 Fifth avenue, New York.

Several hundred of these have been sent to Los Angeles and are being distributed by William R. Staats, president of the William R. Staats Company, the fund's sub-treasurer in Los Angeles.

It is expected to raise several thousand dollars locally, which will be distributed to the various local institutions.

The money raised will be sent to the New York headquarters and later forwarded to London and Paris. It will finally be distributed under the patronage of the King and Queen of England, the President of France, and the King and Queen of Belgium. It will be used to enlarge the present blind institutions of Belgium, France and Great Britain, to establish blind schools, blind work shops, blind employment exchanges and to start various agencies for the sale of blind-made products.

In addition to the banks, Mr. Staats and the fund's other local sub-treasurers are distributing leaflets and literature regarding the need for reconstruction which the civilized world must assume in order to make Europe's battle-blinded soldiers, blind training schools, blind work shops, blind employment exchanges and to start various agencies for the sale of blind-made products.

Under the auspices of the Elysian Heights W.C.T.U., a joint debate on the proposed charter will be held tomorrow evening in the Clifford-street school, Elendale. Charles A. V. Lewis and Fred C. Heflinger will oppose it, and J. W. Heflinger will support it.

Unquestioned Ever Faithful.—[London Chronicle.]—Ever Faithful, so far from being unfaithful, is now said to have paid a visit to the prophet's tomb at Medina. This, from its being the city of refuge after the flight, or flight from Mecca, is accounted the second holiest city of the Mohammedan world. In the midst of the mosque is reputed to be the prophet's body, undecayed, at full length, on the right side, with the right palm supporting the right cheek and with the face looking toward Mecca.

Abubekr and Omar, bear him company in a sanctuary of black marble which is covered with gold letters descriptive of the contents.

BUSINESS BRIEVITIES.

“Safety First.”—The Stockpile Studio stands for quality and reliability, both serving as a safeguard to those who photograph; you might as well have the best of the cost, no more. Turn a deaf ear to the alluring inducement of glib-tongued salesmen offering photographs at next to nothing. The quality of Stockpile pictures is never questioned. At full length, on the right side, with the right palm supporting the right cheek and with the face looking toward Mecca.

Superstitions.—The superstitions of the world are a curious and interesting study. The only safe and permanent cure when used by an expert operator. It makes no difference to me who or what you have tried. I guarantee any hair I treat will not return and leave no marks or scars. Anna Bergerson, 117 East 12th street, between 5th and 6th sts. Fourth floor.

For quick action drops answer to “Times” hair.—In “Times” hair boxes in the city of Los Angeles, the locations of the boxes are printed in the first column of the “Times” hair section.

Our new location for hemmeling, picot edging, plating and buttons.—Anna Bergerson, 117 East 12th street, between 5th and 6th sts. Fourth floor.

For dependable dentistry at a reasonable uniform price.—Visit Dr. Huddell's office, 293 S. 5th street, Broadway, now under the personal supervision of Mrs. Huddell.

Don't forget the special chicken dinner today, 5 to 7:30 p.m., 15 cents at Rosalia Hotel, Fifth and Main streets, Hart Bros., Props.

For an aristocratic drink try crazy water.—Its health giving and pleasing. Have a case sent to your home. P. O. Box 144.

Zinnman's Rutton Factory, plating, hemmeling and picot edging.—Have brought out an interesting relationship between total radiation and optical brightness. It appears that the eye is a poor judge of stellar radiation. For example, in the “Dipper” the yellow star Alpha, one of the brightest, is somewhat less than the eye than the blue star Rigel in the handle; yet the total radiation emitted by the former is about twice that of the latter. It is found that in general red stars emit two or three times as much total radiation as blue stars of the same photometric magnitude. Measurements of stellar radiation transmitted through an absorption cell of water reveal the fact that in the spectral region where the eye is sensitive blue stars have about twice as much radiation as yellow stars and three times as much as red stars.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, June 4.—(Reported by Fred A. Carpenter, Meteorologist.) At 5 o'clock a.m. the barometer registered 30.01 at 5 p.m. 30.08. Temperature for the corresponding hours showed 54 deg. and 65 deg. Relative humidity, 5 a.m., 59 per cent.; 5 p.m., 33 per cent. Wind, 5 a.m., variable, velocity 3 miles; 5 p.m., variable, velocity 7 miles. Highest temperature, 55 deg.; lowest, 52 deg. Rainfall for month, 19.05 inches; last week, 11.05 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—The storm which was over Lake Michigan Tuesday is now central, and is moving toward the north. The latter part of the storm is now over the Pacific coast, and is moving toward the north. The storm is now over the Pacific coast, and is moving toward the north.

LOCAL FORECAST.—For Los Angeles, and vicinity: Fair Sunday; light west wind. For Southern California: Fair Sunday; light west wind. For Northern California: Fair Sunday; light west wind.

STATE FORECAST.—SAN FRANCISCO, June 4.—(Forecast by Fred A. Carpenter, Meteorologist.) Fair Sunday; light west wind. For the San Francisco Bay area: Fair Sunday; light west wind. For the San Francisco Bay area: Fair Sunday; light west wind.

IMPERIAL VALLEY'S CROP IS COMING TO MARKET.

Yield for Season is Estimated at Six Thousand Carloads—Soon will be Shipping at Rate of a Hundred Cars a Day, Employing Thousands of Men.

The Imperial Valley cantaloupes, with which the Los Angeles market is well supplied at present, are reaching the city in greater abundance, and are of a better flavor than is usually the case so early in the season. In fact, they are about two weeks ahead of the time, due to the fact that the valley had no visitation of cold weather just as the fruit was ripening.

The cantaloupe crop of the valley is estimated this year at about 6000 carloads, against a total last year of 6222 cars. About 5000 cars were planted, some of which will yield as high as 275 crates to the acre. The first shipment from the valley was on May 15, and in about another week the cantaloupes will be going out to the markets at the rate of 100 cars a day.

Every shipper of cantaloupes from the valley is being inspected by the county horticultural commissioner to prevent any immature fruit being shipped. Every shipper of cantaloupes from the valley is being inspected by the county horticultural commissioner to prevent any immature fruit being shipped.

That the melon proposition is a big one is proved by the fact that about 250 to 400 cars of melons are necessary to make the crates, valued at nearly \$300,000. Each car contains about 100 crates, each containing 100 pieces of melons, each valued at about \$3.00.

Every shipper of cantaloupes from the valley is being inspected by the county horticultural commissioner to prevent any immature fruit being shipped. Every shipper of cantaloupes from the valley is being inspected by the county horticultural commissioner to prevent any immature fruit being shipped.

Summer Sale of White

Growing stronger and greater as each day sees more and more of these unusual offerings passing out to satisfied patrons.

Such a Wonderful Show of Pretty Things to Give a Bride!

And you know one really cannot be too careful in selecting wedding gifts and, of course, the most acceptable gifts are those which the bride can make some use of at one time or another. We've collected in the Art Department, second floor, a lot of things of merit because they're useful as well as appropriate and dainty. We uncover the assortment tomorrow. Beautiful French candle stick and old rose shade trimmed with lace and gold braid, \$8.75. French pin cushions; striking patterns and trimmings, \$5 to \$15. Opera Bags of silk, are trimmed with lace and braid. Candy Boxes; exquisitely fashioned, \$1.75 to \$25. Telephone Desk Set—including screen, pillow arm rest and register. Every conceivable kind of vanity, 65c to \$6.50. Gold Antique Baskets, moderate in price. Sweet Grass Baskets in complete assortment.

Redwood Burl The Californian Gift Pre-eminent

An attractive assortment of trays, bonbonnières, candle sticks, etc., that the Eastern bride will doubly appreciate, because they are made from towering, ancient California Redwood trees, famed throughout the country. Second Floor.

Wonderful Assortment of New Neckwear at 50c

GERMAN NAVAL VICTORY.

Both the British and German admirals claim a decisive naval victory in the Skagerrack but with this difference: The British explain how it happened that they suffered such losses and claim that they inflicted the greatest losses upon the enemy; while the Germans deny the greater losses and maintain that they showed ship for ship a great superiority over the British fleet and retired only when heavily outnumbered. The reports are very conflicting and the later news modifies the earlier accounts of the German victory; but a German victory was on the whole.

It will be days before authoritative details are known beyond dispute. The significant and indubitable fact however, is that the Kaiser's battle fleet of its own volition engaged the British and inflicted terrible injury, and that the result was such as to inspire great enthusiasm throughout Germany and depression throughout England.

That the Germans took advantage of a fog, that their fire control was in the keeping of Zeppelins, that torpedo boats and submarines did deadly work, is merely an explanation of how Britannia's rule of the sea was challenged; and the mere fact that it was challenged came as an astonishing surprise to naval authorities both in England and America.

If it be true, as late but unofficial reports state, that the Germans lost thirty-two ships by gun fire and a large part of the fleet was forced to seek refuge in a neutral port, from which it cannot escape, then it will appear that Britain maintained in a degree her naval supremacy, but it is not so complete as it was.

The emphatic and contradictory claims of the two admirals make it impossible to estimate the results beyond the acknowledged fact that the Germans did sink at least seven British battleships, not including the Warpite, inflicting a loss of something more than 5000 lives. How many ships the Germans lost cannot be stated, though the German Admiralty admits the destruction of but one battleship, two cruisers and an indefinite number of torpedo boats.

If the Germans are as satisfied as they seem to be with the results of their test of Britain's sea power, it is certain that they will follow it up with other and no doubt more formidable attacks in the attempt to definitely wrest the trident from Britannia. If their losses have been greater than they admit, they are not likely to again deliberately engage the numerically larger fleet. They have unmistakably won tremendous prestige by their bold and aggressive raid on a superior force at Skagerrack.

NEW BUREAUS OF NEW CHARTER.

The new city charter which the Board of Freeholders offer us is much more elaborate and highly decorated than our old one; it affords thirty-five methods of expending tax money that were not contemplated in 1889; it increases the wages of all elective officials; it provides for pensioning not only all municipal employees but the dependent members of their families as well; it forces the city to raise money through bond issues and direct tax levies if we are to have any further extensions and improvements of our lighting, railway and telephone systems; in addition to general taxation, it provides special taxes for the support of two pet boards, with special tax liens against property for improvements never before deemed imperative; it directs public money to be loaned, "with or without security," to private individuals, and places such enormous and questionable conditions upon the use of public service corporations as to make further private investment prohibitive.

In place of a concise, brief, clearly-defined statement of the rights and privileges of the municipality, the new charter is made up of a confused mass of ordinances, regulations and restrictions that are nearly unintelligible even to its proponents and that would be certain to plunge the city into a maze of costly litigation which would only go to clog the wheels of justice of the higher courts, and would drive away capital and discourage prospective investors. There has been no attempt at explanation of why this 100,000,000 people of this country should be asked to adopt a charter containing more than 70,000 words, filled with provisions which at their best are but ordinances and decorated with every fat that a Socialistic imagination could devise.

A striking criticism of the faulty construction of the proposed new charter is contained in the following extract from the report of the Federated Improvement Association:

"There are scores of 'exceptions,' 'provisions' and 'elsewheres' in this proposed charter which make it impossible to read it without feeling that it is a piece of construction."

This has been practically admitted by the apologists for the new charter. When public attention was called to that section which provides that the city has full authority to embark in every kind of trade, calling or occupation in which any citizen or corporation has engaged or might engage, they replied that the charter would not be objected to because of that section, as it had never been passed upon by the courts and would probably be declared unconstitutional.

Replying to the objection that the new departures in municipal Socialism would be certain to increase taxes, they aver that this will not be possible for the reason that the dollar limit in the present charter is retained. This answer seems to have been accepted as conclusive by the Board of Freeholders, and it betrays how little the members knew of the actual workings of a municipal government. The tax rate for current expenses reached the dollar limit ten years ago; taxes have more than doubled since that time; but the dollar limit has never been exceeded. The limit is retained, but the increase in the proposed charter, Sacramento's Board of Freeholders has introduced a provision limiting the amount of increase in the assessment roll that may be made in any year, but no such provision is made in our proposed charter, which leaves the roof the limit for property assessments.

Among the ridiculous features of the new charter may be classed the provision which requires a public utility corporation to sell its property at stipulated times, for the actual cost of construction, not only to the city itself but to any private buyer the city may stipulate. This means that in case of a good investment the property would be taken over by the municipality, but if the

Making Up the Slate.

new line turned out badly the private owners would have to bear the loss. In the same category comes the provision that the city can buy stock in any corporation that operates wholly or partly within the city of Los Angeles, and that it may resell this stock for a price not less than that at which it was originally purchased. The proposal is as simple as the minds in which it is originated, but it is a sad commentary on the collective wisdom of the Board of Freeholders.

To an expert in municipal government, a prime fault of the proposed new charter is patent: the Board of Freeholders favored a commission form of government, but at the last moment the members feared that this would not be acceptable to the electors so they compromised with the present Mayor and Council form. The new charter provides for first a Mayor and a Council, and then makes compulsory provision for the appointment of other high-salaried officials to perform the duties which a Mayor and Council are supposed to do. The result is that the city will have a Mayor, a Council, a Board of Public Works, a Board of Police, a Board of Fire, a Board of Health, a Board of Education, a Board of Public Safety, a Board of Public Welfare, a Board of Public Improvement, a Board of Public Finance, a Board of Public Accounts, a Board of Public Auditors, a Board of Public Engineers, a Board of Public Architects, a Board of Public Surveyors, a Board of Public Assessors, a Board of Public Commissioners, a Board of Public Judges, a Board of Public Justices, a Board of Public Clerks, a Board of Public Stenographers, a Board PEN POINTS

BY THE STAFF.

Silver is going up, but Bryan is going down.

Woodrow Wilson is preparing to say, "This is no accident."

Get ready to get in line for the big preparedness parade June 14.

The trenches at Verdun are a good deal like poker chips. They have no permanent owners.

One of the needs of this country is a Congress capable of understanding how big this country is.

Why is it that every man who owns a few shares of American stock is referred to as a "magnate"?

Of course, all of the English ships lost in the sea fight off the Danish coast were of an "obsolete type."

Dr. Arthur Watts, the dentist who was electrocuted, lived that pompous word "save him."

Former President Taft is one of the most ardent advocates of peace.

Life also favors it at the Chicago convention.

The busiest men in the world are those who put in all their time at the stock exchange.

The place of every man in the world could be filled, but we would be left without Duke Lloyd George?

The girls who are so anxious to see an issue before they are likely to meet some of the last year's variety coming back.

The colored says he will not go to Chicago next week. And Chicago is each a pleasant town at this season of the year, too.

One of the latest things in automobiles is to have them equipped with high-speed Mexican engines.

The latest thing to talk about is birth control; but the new propaganda has this advantage, it is backed by married women.

If we can move back the clock of our life to gain more daylight, we can't get more back about the days when rent day comes around.

The chances are that First Congress is making his bluff about the withdrawal of the American troops to save his face below the line.

It is proposed to cut \$500,000 from the amount provided for salaries of the new city salary ordinance; every taxpayer will say more money to the taxpayers!

What a lot of ignorance there is in the world. There are a lot of people who go through it every day, but they don't know it.

When President Wilson sent the European war let him pay attention to the reaction caused by the wholesale dismissal of teachers by the local board of education.

The editor of the woman's page in the Philadelphia Ledger says that shoes and stockings in these times are the short skirt and close fitting top.

For the love of Mike, they say "cut 'em!"

The fact that it cost \$75,000 for John J. Astor baby carriage recalls the remark of Dean Briggs, that for the boy's sake "Every dollar over \$1200 is a dollar of danger."

Why should the English government let the playing of polo in the hands of people? Did anyone ever see an Englishman who played anything more than the polo of the game?

There is some talk of organizing what is to be known as the "Home-One-Evening" Club in New York, but so far there has been no activity in securing enough members to fill the office.

Looks like another race in the fall between Gov. Williams and Gov. Cox. The Republicans are a little bit nervous about such a contest. Williams has made good a fight as a Governor.

The Lake Geneva (Wis.) "Signor Enrico" at the famous observatory in the Alps, working and visiting "Whaddya mean?"

Miss Josiah Evans Cowles of New York has been named as the president of the General Federation of Women's Clubs, but it was necessary to send a punitive expedition to restore order during the election.

John Drew, after more than 20 years under the management of the late Charles Frohman, has left. Now, if John would be eternally good clothes and be natural-like, he might be a color some time.

Rev. Seth C. Reed, the New York pastor, has won a victory in the management of the jury, charges of unchristianlike behavior upon just what constitutes it. What are we going to do?

JUNE.

Some, roses are all around the triumph and fragrant and some about buds and blossoms.

For it's June time and love is in the air.

Some bloom now, as they do in June.

Not a white more fragrant than the rose.

They have red and gold, but as of old—

But you'll never return to EDITH JAMISON

MAKES GRIST FOR GRINDING.

Government Ready to Enforce Congressional Act.

Allotment Claims in Imperial Valley Involved.

Surveyors Create Tangles for Court to Iron Out.

Premoting to give the courts in Imperial county considerable business, for the government does not hesitate to adjudge the rights of any of the parties involved in the surveyors' claims.

Noted yesterday by Register Roche and Receiver Mitchell of the local Land Office that the Department of the Interior is now prepared to enforce the regulations governing the disposal of allotments in that county under the Congressional act of March 3, 1909.

When the preliminary surveys were made there was much uncertainty in the running of the lines, with the result that when the official survey was made hundreds of small pieces of territory were left that did not belong to the first allottee, according to the initial surveys, they were allotted to various entriesmen.

On this occasion, land irrigation claims have been constructed, human greed and other improvements made. None of these stretches of land are more than ten chains in width, and the government now announces that it will be sold at the rate of \$10 an acre, and the owners of adjoining property will have six months within which to file an application for the land.

The sale will be restricted to the owners of the adjoining lands, for there would be no reason for an outsider to invest in an area that could be of no possible use to anybody, except the man who owns the land next to it.

It is estimated that the local Land Office that not more than 1000 acres are involved in the order. The applications when so made will be known as preference rights, and in case where a preference right to purchase a lot is claimed by two or more parties, joint application by them all may be made. If more than one application is made for the same right will be awarded to the applicant most equitably entitled.

All preference right applicants, individual or joint, must be accompanied by the price of the land at the rate of \$10 an acre. The money will remain in the unsecured account pending final action in the application by the General Land Office.

All of the lots which may remain unsold at the end of six months will be subject to sale under the act to the first applicant thereafter.

In the view of those conversant with the situation in Imperial county, the enforcement of the new law will be a fruitful source of litigation. In the local courts, this will be emphasized by the fact that in many instances the valuable improvements on the land that has been segregated from the entry by the new lines of the official survey.

NEW HAVE CLUBS.

Handis in Residence District Use New Weapon.

The thugs' club has replaced the revolver, as a weapon for the handis who in the residential districts. They knock their victims on the head, and the money falls from their palms like ripe apples off a tree.

Their victims early yesterday morning were Clarence B. Walker, 1213 Maryland street, who was knocked at Sixth and York streets, and his watch; Y. Yamato, 104 North Virginia street, and Fred Roy, 2421 South Hope street, who were knocked at Second and the adjacent tracks. From the last two victims the clubbers got but small amounts.

Mr. Walker attempted to fight back his assailants, and was clubbed on the head and back. His condition is not dangerous.

MEMBERS TO ENTERTAIN.

Honor Convention Party.

Following the national convention delegates who will leave shortly for Salt Lake, the Los Angeles Chapter, Greater of America, will hold a reception next Wednesday evening at the Friday Morning Rooms. Arrangements for the party are in charge of Morris Collins, chairman of the Board of Directors. President Leigh Fuller and Secretary Walter Radcliffe are assisting in arranging an extensive program of folk dances as well as other amusements. A large number of those bonds, none of the solo artists will be pretty Jane Collins.

DISCUSS PARADE.

Delegates Set Time for Fixing Preparedness Policy.

The decision just what the county should do in furthering the preparedness parade, to be conducted June 14th, next, the Board of Supervisors has designated 11 o'clock tomorrow morning for a general discussion of the subject. Several resolutions have been made by various organizations for the use of the Board in the parade. Other matters pertaining to participation of county employees have also been discussed and the whole thing will be decided out at the designated time.

NOT TO ISSUE BONDS.

San Diego and South Eastern Railway Company has filed with the Commission an application for a decision granting permission to the company to issue \$342,000 par value bonds. The commission has refused to issue a decision granting permission to the company to issue \$342,000 par value bonds. The commission has refused to issue a decision granting permission to the company to issue \$342,000 par value bonds.

Some, roses are all around the triumph and fragrant and some about buds and blossoms.

For it's June time and love is in the air.

Some bloom now, as they do in June.

Not a white more fragrant than the rose.

They have red and gold, but as of old—

But you'll never return to EDITH JAMISON

Public Improvements Extensive at Huntington Beach

Paving Main Street, Huntington Beach, May, 1916.

During the past three years the progressive beach city of Huntington Beach has seen the expenditure of a vast sum of money for public improvements. Beginning with the \$70,000 concrete pleasure pier there have followed in rapid succession four miles of street paving, erection of \$55,000 grammar school and \$10,000 Manual Arts building, installation of most modern sewer system, building of public library and now over three miles of additional paving is being laid. Other paving, extensive street lighting system and other improvements of a public nature are also in contemplation.

Buy Property Where Growth is Substantial.

Huntington Beach is a city in the making—not a "fly-by-night" resort town with no future.

Huntington Beach will be a city because of its rich agricultural back country and its growing factory district.

Huntington Beach lacks nothing in the way of modern improvements and conveniences.

With all these improvements Huntington Beach property is still lower priced than at any other beach in Southern California. Rise in price is inevitable. Get in now.

When you buy a Huntington Beach lot you get 50-foot frontage—not 25.

Fifty-foot lots near surf, with improvements—\$450 up.

Half acres, improved, inside city, block from car line—\$550.

Acres—adjoining city, block from car line—\$600.

Two-and-a-half acres, \$1100 to \$1400—1½ miles from ocean.

Five-acre tracts, \$1500 to \$2500.

Terms 10% down, 5% quarterly, 6% interest.

MAJORITY FOR TRUSTEE PLAN.

Union Oil Committee Now has Clear Control.

But Litigation will Continue, Attorneys Say.

Same Principle Involved, is Stand of Plaintiffs.

Efforts of the committee of Union Oil Company of California, stockholders to secure agreement by holders of a majority of the stock of the Union Oil company, Union Provident Company and United Petroleum Company for the purpose of

putting into effect a seven years trusteeship have been successful, according to an announcement by the committee yesterday.

The committee is mailing to all stockholders a letter stating that stockholders owning in the aggregate more than 170,000 shares have signed and deposited agreements for trusteeship of the stock. The letter states that while the number of shares represented is sufficient to render the arrangement effective other stockholders are invited to participate.

The trusteeship plan was proposed last fall. It provides for a board of nine trustees which shall hold and vote the majority shares for a period of seven years. A majority of the stock included in the agreement may instruct the trustees how to vote at elections and a two-thirds vote can terminate the trusteeship.

In view of the fact that a legal battle involving the policies of control between the stockholders and their supporters and the Union Oil Protective Association is now in progress in the Superior Court one provision of the trusteeship plan is regarded as vitally important by members of the committee of stockholders.

The suits filed by John Garriques, former treasurer of the Union Oil Company, E. Blinn and others representing the stockholders Protective Association are primarily for the purpose of obtaining the dissolution of the holding companies.

That the agreement by a majority of the stockholders to dissolve the holding companies, that being the purpose of the plaintiff stockholders in the pending suits, will fall to harmonize the factions is indicated by statements yesterday by attorneys for the stockholders Protective Association.

They say their clients are seeking to dissolve the holding companies because the trusteeship plan is the same objection to the tying up of control through the trusteeship. They do not agree with the company officials that the control should be tied up for a long period in order to give assurance of stability of management and continuity of policies for a reasonable period.

Attorneys said yesterday that the agreement of a majority of the stock to the trusteeship plan has not, materially affected the situation. The complaint may be amended, they say, and the trusteeship will be attacked just as have been the holding companies.

The active pall-bearers will be R. W. Priddy, Oscar C. Mueller, John S. Mitchell, R. C. Hefnach, J. W. Dolan and W. H. H. Curtis.

The Chamber of Commerce will close at 1 o'clock Monday out of respect for the late first vice-president. The directors held a special meeting yesterday for the purpose of recording the profound feeling of affliction felt by the organization in the death of Mr. Butler.

The board tendered its assurance of deepest sympathy with the bereaved family and in the course of a resolution, said:

"Summoned suddenly to another

Famous "Death Crossing" is Forever Eliminated.

How Huntington Beach put an end to its worst grade crossing, making itself the only city in Southern California that can be entered without crossing street or electric railway tracks at grade. The diagram shows how the old S-crossing has been straightened in addition to carrying it under the tracks.

OUT OF HOSPITAL. SEEKS PROPERTY.

BROKER GETS AN ALLOWANCE FROM HIS OWN ESTATE.

Once Prominent Elk, Committed to Patton, then Discharged, Given Relief by Probate Court. Humor Says He Will Try to Regain Standing.

Emile Levy, a broker, who was committed to Patton last September and was recently discharged from that institution, petitioned the Probate Court for an allowance for his support. Judge Rives yesterday allowed him \$100 a month.

When Mr. Levy appeared before the Lunacy Commission September 10, 1916, he was examined by three physicians, one of whom stated he found no signs of insanity. According to this physician Mr. Levy had a mercurial disposition. He said that one minute the patient was laughing and the next he would complain bitterly.

Mr. Levy testified that his husband became unwell September 1 and she could not hold him. He jumped out of the window, she said, and had delusions for six years, apparently suffering from melancholia. The property he owned at No. 1609 Roosevelt avenue, she testified, stood in her name until, in order to pacify him, it was taken in his name.

Mr. Levy, it is said, alleges he was "railroaded" to the asylum. The complaint charging him with insanity was sworn to by W. W. Gillette, who stated that Mr. Levy threatened to throw himself out of a window. It was in evidence that when taken to the California Hospital he was found hanging from a window by his finger tips. Mr. Levy, who was a prominent Elk in New Orleans, will seek now, it is reported, to have his property and his standing in the community restored to him.

CHILD MAY RECOVER.

Little Lucille Burbeck, 4-year-old daughter of Dr. and Mrs. W. R. Burbeck of No. 4116 Oakwood avenue, who was struck by the steps of a street car, may recover from her injuries, although she suffers fracture of the skull and bruises. Her father stated yesterday that Lucille and her mother, signaled the car, but that it passed by them, although the "Take Next Car" sign was not down. The child held out its hand, as also did its mother, says Dr. Burbeck, and the car steps struck the little girl in the head as the car passed by. The child's temperature was almost normal yesterday.

Little Lucille Burbeck, 4-year-old daughter of Dr. and Mrs. W. R. Burbeck of No. 4116 Oakwood avenue, who was struck by the steps of a street car, may recover from her injuries, although she suffers fracture of the skull and bruises. Her father stated yesterday that Lucille and her mother, signaled the car, but that it passed by them, although the "Take Next Car" sign was not down. The child held out its hand, as also did its mother, says Dr. Burbeck, and the car steps struck the little girl in the head as the car passed by. The child's temperature was almost normal yesterday.

The two men are part of a gang of which W. H. La Point, his wife, Doris, and his step-daughter, Helen Helen Tidd, are members. They worked together in Los Angeles, and Riley and Simmers were on a trip north to get rid of some of the stuff when they were arrested. La Point, his wife and step-daughter have all made confession to Agent Hansen.

The federal grand jury investigating the case against the local defendants Friday said a report will be made to the court Tuesday afternoon.

PERIL REMOVED FROM ONE CITY.

Huntington Beach to be Free of Grade Crossings.

First Southern Municipality Without Deathtraps.

Subway Furnishes a Solution of Civic Problem.

Within thirty days Huntington Beach will be the only city in Southern California that can be entered without crossing either a steam or an electric railway line, according to H. L. Heffner, general manager of the Huntington Beach Company, the deadly grade crossing, which in years past has menaced traffic in and from the beach city, is being eliminated after nearly three years of negotiations between the Southern Pacific and Huntington Beach officials.

Instead of crossing the Southern Pacific and Pacific Electric tracks, Seventeenth street, that part of the Orange county boulevard system which affords the principal means of ingress and egress at Huntington Beach, will in the future pass under the tracks. The subway, long made possible by the grant of a fifty-foot right of way donated by the railroad companies.

Under the direction of City Engineer Spencer, work on the subway was started last month. It is planned to make the approaches and the bore itself a work of art. There will be approximately fifteen feet clearance between the surface of the road and the top of the subway. A substantial concrete pillar is being erected in the center and will support the steel and concrete girders that will extend across the fifty-foot span, supporting the tracks.

STRAIGHTENING CURVE. The subway is approximately 200 feet south of the present grade crossing and will thus reduce the sharpness of the curve at the point of crossing, which has in itself been a source of danger. The lessening of the curve and the elimination of the dangerous crossing means as much to the residents of Huntington Beach that they are considering holding a celebration in honor of the event.

The grade crossing has been a thorn in the side of the community for several years. The boulevard approach to the crossing, where an oncoming train in either direction is concealed by trees and by a cut. To make matters worse, the road makes almost an "S" curve, with the railroad tracks bisecting the curve near the center. Several narrow escapes and a few serious accidents have occurred at that point. Although several petitions have been made, the railroad companies have not installed even a warning signal.

NOT FOR PEDESTRIANS. When the grant of right of way was made, only fifty feet width was made, though the boulevard at that point is seventy-five feet wide. Consequently, no provision has been made to care for foot traffic. City Engineer Spencer stated yesterday that he hopes in the near future to obtain some concession from the railroad, so as to build stairways leading the tracks on both sides of the roadway.

The subway is but a part of an extensive system of street improvements under way at the beach city. Main street is being paved, Seventeenth street is being turned into one of the finest boulevards in Southern California. Side streets have been paved and walks and curbing placed in many of the busy thoroughfares.

As a protection to vehicles traveling through the subway, a double-lined ornamental curb, six inches wide on top and twelve inches high, traverses the center of the street about 150 feet on either side of the subway. At the ends of this curb are large electric "Keep to the right" signs.

In beautifying the roadway, the street department plans to place at each end of the center curb large ornamental shrubs and flowers. These plants will be about thirty feet in length and will be planted in the center of the street. The center curb also serves to gradually narrow the seventy-five-foot boulevard, and to prepare the motorist for the fifty-foot subway.

First of Kind.

AN OPEN-AIR CLINIC.

Children Under Fifteen Years Will Be Given Anti-Tuberculous Treatment at Institution Provided by Health Department.

The first open air clinic to be established on the Pacific Coast was formally opened yesterday at Ninth and Wilson streets. There was a large attendance of interested citizens, eager to watch the clinic in actual operation.

The work is carried on by the health department in co-operation with the Society for the Study and Prevention of Tuberculosis. The work has assumed such proportions that several months ago it was decided that the younger patients should be segregated from the older ones.

The children attending this clinic are allowed the freedom of the playground of the Neighborhood Settlement, Dr. S. H. Heston, who is in charge of the open air clinic, said.

WILL WED TODAY.

Mrs. Sarah Walter, daughter of Mr. and Mrs. W. A. Walter of Huntington Beach, will be married today at 2:30 o'clock, at the residence of Dr. S. H. Heston.

The ceremony will be performed by the Rev. Mr. Heston, pastor of the First Baptist church. The bride is the daughter of a ladies' tailoring shop at Title Guarantee Building. The groom is a member of the Huntington Beach club and will leave on a honeymoon trip to Coronado and will later return to the coast as far as San Diego by motor.

Friends Delight to Do Him Honor.

Bishop Joseph H. Johnson.

Twenty-one years the head of the Episcopal Diocese of Los Angeles. His birthday will be celebrated next Wednesday with a great garden fête at the residence of Mrs. Isaac Milbank.

The garden fête, which is to furnish the means of enlarging and augmenting the work of this organization, will take place on the afternoon and evening of June 7, at the residence of Mrs. Isaac Milbank, corner of Country Club drive and Arlington street.

No admission fee will be charged to the grounds, which will be beautiful as a dream, and there will be many entertaining spectacles free to all who attend. Numerous fascinating features have been devised by the committee in charge, as many as there have been birthdays in the bishop's long and useful life, and each feature is to be more wonderful than the last.

The garden fête, which is to furnish the means of enlarging and augmenting the work of this organization, will take place on the afternoon and evening of June 7, at the residence of Mrs. Isaac Milbank, corner of Country Club drive and Arlington street.

Gair, Mrs. W. R. Hervey, Mrs. E. E. Taylor, Mrs. T. P. Swift, Mrs. W. J. Pierce, Miss Elizabeth MacCormack, Miss Sarah White, Miss Dorothy Day, Miss Faith Shaw, Miss Alice Wood, Miss Fay Webb, Mrs. F. G. Finlayson.

FREE CONCERT TONIGHT
Fifth and Final Programme of Popular Series Will Be Given in Trinity Auditorium, Presenting Gounod's Great "Sabbat Mater."

For the fifth and final of the series of Sunday evening free concerts at Trinity Auditorium, Prof. Thomas Taylor Drill has arranged a most attractive programme—one that will form a splendid close to what has proven to be a most interesting and educational feature of the work of the Grand-avenue church.

This evening little Josephine Seelman, remarkable child soprano, will open the programme, singing Tosti's "Serenade," Miss Freda Faris, contralto, will be heard in the beautiful "Hindu Love Song," by Bernberg, and Edwin House, basso, will sing "The Pilgrim's Song," by Tachakowsky.

There is no fee charged at Trinity this evening to hear this splendid work, which will start at 7:30.

PATRONS GIVEN GOLDEN HONORS

College Celebrates Wedding Anniversary Fittingly.

Pasadenans Central Figures at Missouri Graduation.

Because of Large Gifts Made as a Thank Offering.

A unique golden wedding ceremony was held yesterday at Fulton Mo., when Dr. and Mrs. W. S. Woods of Pasadena were remarried beneath a great wedding bell in the gymnasium of the William Woods College for Girls. The impressive service, conducted by Rev. W. F. Richardson, pastor of the First Christian Church of Kansas City, while conducted during the commencement exercises at the college, was easily the feature of the graduating activities, every student taking part in paying homage to the couple that made the college possible, and whose life work is to see this college perpetuated.

For the past fifty years Dr. and Mrs. Woods have lived happily together, but perhaps their greatest joy was realized yesterday, when they reacted the wedding ceremony before "their girls," with their 18-year-old granddaughter, Miss Gladys Woods Ruby, as maid of honor. Dr. Woods is 75 years old. Mrs. Woods is 72.

Dr. and Mrs. Woods were married at Park Mo. May 31, 1866. The bridegroom was a struggling country doctor, with a small practice and large ambitions. His bride was formerly Miss Albina McBride of Park Mo., who was a student at the University of Missouri.

It was not long before the name of the school was changed to the William Woods College for Girls, and its work and character arranged so it would permit a more general class of students. Since Dr. and Mrs. Woods turned their attention to the school they have expended annually approximately \$50,000 for its improvement.

Dr. Woods was at one time president of the National Bank of Commerce in Kansas City and is prominent in banking circles of the country. He has been retired for several years, his only work being in keeping the college on a par with the best of its size in the country.

Dr. and Mrs. W. S. Woods.

was his policy of permitting the "peppercorns" to settle in the Osage Valley and obtain a footing in the fertile land which had belonged to the Osages for hundreds of years. "In due course of time the settlers from the East increased in numbers and insolence until there was an uprising of Osages against them. The American soldiers came and in a great and bloody battle Monegan and his braves were defeated and scattered. In the hour of their defeat, he was denounced by his followers for his folly. He took refuge in a cave, where he obtained from all food and came forth regularly in the evening to view the valley over which he had once ruled. Finally death came through starvation with the apparition of a "peppercorn" before him."

**HOTEL MEN OPPOSE
PARALLELING PLAN.****ASSOCIATION WANTS NO POWER
SYSTEM DUPLICATION.**

Resolution Declares There Seems to be no Effort to Curb Municipal Extravagance and Scheme More-over Tends Toward Driving Off Capital.

At a meeting of the Southern California Hotel Men's Association Friday evening the following resolution was adopted:

Whereas, the general prosperity of this community is seriously threatened by continued high taxes and special assessments, with resulting detriment to existing values, and

Whereas, there is no indication of earnest effort to bring about relief of this serious situation, but on the contrary much unnecessary expenditure of taxpayers' funds is now going on and many projects for additional unnecessary expenditure are contemplated, and

Whereas, the investment of eastern capital in local enterprises is necessary to the continued prosperity of this community and should be encouraged by a policy of fair treatment to such capital already invested; therefore, this association declares that a definite policy of economy and efficiency in all municipal business should be adopted and carefully followed and that the public business of this city should be conducted without waste or extra or unnecessary expenditure.

And this association further declares that the paralleling of existing electric lines in the city is an economic waste which will result in needless extravagance and the destruction of valuable property, which should not be permitted in view of the fact that the city and its inhabitants are now being furnished with electricity at reasonable rates under

the control of the Railroad Commission; and that such wasteful expenditure as duplicating existing property and kindred projects can only result in discredit to the city and repudiation of investment, with resultant discouragement to prospective investors.

Dried Pig for Chicks. Most of the so-called chicks now being used in Italy is made of dried pig. It is said that dried pigs are at least as good for this purpose as chicks, and are now in great demand.

Los Angeles girls in an "esthetic" snow dance, Staged in Central Park, New York, last winter. One effect of the exhibition will probably be the barring of all "esthetic" dancing in the public schools.

As High School Cadets.

STUDENTS SEEK SOLDIER TRAINING BOARD DENIES.

ESPIRE the fact that the Board of Education, by a vote of 4 to 3, quashed the late attempt to introduce military training into the public schools, the students of several Los Angeles high schools are taking the matter into their own hands and preparing to do their share in the national preparedness program by organizing cadet corps. It has been pointed out to them that it is necessary to obtain but forty candidates in any high school. These candidates, by forwarding a petition to the Governor, may be commissioned as high school cadet corps, and be furnished with rifles for drill.

When the military training proposal for public school pupils, as introduced by Maj. A. J. Copp of the Teachers and Schools Committee, was defeated, the citizens of Los An-

gels were divided on the question of its merit. The contest was decided by one vote in executive session of the board.

But the idea developed and was fostered by the increased feeling in the country that the nation should be prepared. This preparedness feeling apparently passed from the older persons to the children.

Committees from some of the high schools have already approached Maj. Copp on the subject. He has informed each committee that as soon as it has secured a sufficient number of volunteers he will himself draw up the petition to the Governor in legal form, and see that it is forwarded at once.

It is believed that in this manner cadet corps will be established in nearly every Los Angeles high school, which, while not tending towards making the pupils militaristic, will still give them training in the fundamentals of a soldier's work.

Elaborate preparations are being made for the grand summer festival to be given Sunday, June 11, by the German-Austro-Hungarian Relief Society of Southern California at Selig Zoo Park for the benefit of the Red Cross fund.

There will be a big programme of entertainment features, one of the most interesting of which will be the gymnastic and esthetic dances by the young men and women of Turnverein Germania, under direction of Martin H. Trieb. Offering special pleasure to the music lovers will be the orchestra presented by singing societies of Los Angeles, Anaheim and Oxnard. Participating in this event will be the prize-winning singing section of the Los Angeles Turnverein Germania, of which Prof. Henry Schenck is director. It was this society which won the Emperor Wilhelm gold cup for the second time at the big Sangerfest of the Pacific Coast Sangerbund held in Los Angeles last year.

The Concertino Club of Los Angeles, directed by Alfred Behnke, and the Los Angeles Zither, Violin and Mandolin orchestra, under the direction of Prof. A. S. Hobble, will render popular selections. One of the features of the day will be the carnival games and athletic contests in which men, women and children will participate for attractive prizes.

The great collection of rare wild trained animals at the Selig Zoological Park will be another attraction. Booths will be scattered about for entertainment of the visitors. The refreshment booths will serve the German and Hungarian dishes. One of the principal features will be the Anaheim booth, under Anaheim Lodge No. 39, O.H.S., in charge of Mrs. H. M. Wichers and Mrs. Theodore Roberts, assisted by members of the society.

A booth which will serve to amuse will be the fish-pond and duck-hunting booth, managed by the Croatian branch of the relief society. M. P. Kresch, chairman of the committee in charge, will be assisted by M. G. Sulek, N. O. Pierce, George E. R. Reiter, N. O. Megica, S. P. Veselich and Misses N. Megica, Mrs. M. P. Kresch, Mrs. V. Sigit, M. Serevich and Mrs. M. Harjuz.

The flower booth will be in charge of Mrs. Cecelia Wilkerson and Mrs. Fred Borst, assisted by twenty young girls, who will be attired in picturesque German and Tyrolean costumes. Scores of other entertainment features will be offered to insure the success of the festival.

The New Explosive. Salubrite, a new explosive, is fifty times more powerful than dynamite and is much safer, for it will explode only by means of the percussion of a hammer.

The real enjoyment of it. Modestly this summer, the city of Los Angeles is planning to have a big fireworks display. (Advertisement.)

This Was the Cause of All the Trouble.

Los Angeles girls in an "esthetic" snow dance, Staged in Central Park, New York, last winter. One effect of the exhibition will probably be the barring of all "esthetic" dancing in the public schools.

**ESTHETIC WHEN
ROBE IS BRIEF?****School Leader Defines Form of
Dance that Offends.****Teachers Get Barefoot Fever
from Racy Prank.****Board of Education Expected
to Ban it Unanimously.**

There will be no more "esthetic" dancing taught in the Los Angeles schools, and forms other than barefoot tripping to be exhibited on the auditorium stage or in the city parks will be ordered by the Board of Education, if the plans of Maj. A. J. Copp, of the Teachers and Schools Committee, materialize. At present, Maj. Copp declares he has received the unanimous assurance of the other members of his proposed measure will be so ordered at the next regular meeting of the board.

The determination of Maj. Copp to do away entirely with the form of dancing he terms esthetic originated when a group of what were said to be Los Angeles high school girls, under direction of a former local high school teacher, became notorious in New York City last winter when they danced, barefoot, in the snow of Central Park. At that time the movement to teach this sort of dancing was comparatively new, and Maj. Copp contented himself with merely uttering his opposition to it.

However, other dancing teachers of local public schools were so desirous of emulating their co-worker of New York fame that the teaching of "esthetic" dancing broke out in the schools like a rash.

"It is that kind of dancing which necessitates flimsy, gauzy and flowing robes, with bare feet, which we object to," Maj. Copp said yesterday. "This is a scandalous show of dancing. Even in shadow dancing, there is too much to be seen of the performer."

"Other kinds of dancing, such as clog and gymnasium work are excellent. They develop one's poise and good exercise. Folk dances are not objectionable, in most cases."

"In dancing, the influence of teachers now directing the dancing in the schools, we discovered the majority were gymnasium instructors. So it will not be necessary to replace them. All we want them to do is to change their teaching, so it will conform to the ideal of modesty combined with the athletic development given by dancing."

Maj. Copp declared he is supported in his stand by every member of the board.

In Sympathy.

There will be a big programme of entertainment features, one of the most interesting of which will be the gymnastic and esthetic dances by the young men and women of Turnverein Germania, under direction of Martin H. Trieb. Offering special pleasure to the music lovers will be the orchestra presented by singing societies of Los Angeles, Anaheim and Oxnard. Participating in this event will be the prize-winning singing section of the Los Angeles Turnverein Germania, of which Prof. Henry Schenck is director. It was this society which won the Emperor Wilhelm gold cup for the second time at the big Sangerfest of the Pacific Coast Sangerbund held in Los Angeles last year.

The Concertino Club of Los Angeles, directed by Alfred Behnke, and the Los Angeles Zither, Violin and Mandolin orchestra, under the direction of Prof. A. S. Hobble, will render popular selections. One of the features of the day will be the carnival games and athletic contests in which men, women and children will participate for attractive prizes.

The great collection of rare wild trained animals at the Selig Zoological Park will be another attraction. Booths will be scattered about for entertainment of the visitors. The refreshment booths will serve the German and Hungarian dishes. One of the principal features will be the Anaheim booth, under Anaheim Lodge No. 39, O.H.S., in charge of Mrs. H. M. Wichers and Mrs. Theodore Roberts, assisted by members of the society.

A booth which will serve to amuse will be the fish-pond and duck-hunting booth, managed by the Croatian branch of the relief society. M. P. Kresch, chairman of the committee in charge, will be assisted by M. G. Sulek, N. O. Pierce, George E. R. Reiter, N. O. Megica, S. P. Veselich and Misses N. Megica, Mrs. M. P. Kresch, Mrs. V. Sigit, M. Serevich and Mrs. M. Harjuz.

The flower booth will be in charge of Mrs. Cecelia Wilkerson and Mrs. Fred Borst, assisted by twenty young girls, who will be attired in picturesque German and Tyrolean costumes. Scores of other entertainment features will be offered to insure the success of the festival.

The New Explosive. Salubrite, a new explosive, is fifty times more powerful than dynamite and is much safer, for it will explode only by means of the percussion of a hammer.

TOWER WATCHERS.**Men Scan Many Miles of Territory
to Discover Fires.**

E. E. Cook, observer in the fire tower on Mt. Baldy, will begin his summer job today, continuing until the rains come in the fall. He is located in the high tower recently completed by the government, and it is his business to watch for and report forest fires. The tower's elevation is more than 8000 feet.

To further protect the woods from fire, a ranger has been placed on Mt. Wilson. From the tower of the astronomical observatory he keeps a sharp lookout, and is in constant communication with the man at Mt. Baldy. The two are able to watch

hundreds of miles of territory. The city of Los Angeles has donated the services of a ranger to keep tabs on the hundreds of travelers who go up Mt. Wilson trail, the salary of the employee to be paid for by the municipality. His name is C. T. Huston. The term of his service is five months. Saturday night is the favorite time for much of the mountain climbing for a week-end holiday, and Mr. Huston will be on duty all that night to see that no fires are left unguarded.

American Silk Operations. More than 100,000 operatives are now employed in American silk manufacturing mills. This is exclusive of those employed in dependent industries.

Extreme flexibility, resilience and responsiveness in the tire; great over-size, with increased volume and cushion of air.

Such is the Goodyear Cord—the tire of utmost comfort, and of utmost protection from stone-bruise and blow-out.

Judged by increasing sales, these advantages are worth more to Goodyear Cord users than the price-difference which they pay for the tires.

Goodyear No-Road Cord Tires are fortified against—
Rim-cutting—By our No-Road-Cut feature.
Blow-outs—By our One-Step Cord.
Loose Treads—By our Rubber Rivets.
Puncture and Skidding—By our Double-Track All-Weather and Ribbed Treads.
Insecurity—By our Multiple Braided Plymex Base.

Ask the nearest Goodyear Service Station Dealer for Goodyear Cord Tires. No-Road and G.P. Clincher for puncture and skid resistance.

ENGINEERS IN DEFENSE MOVE.

Recruit Corps to Supplement Army Organization.

Three Regiments Planned for the State; One Here.

Weekly Meetings to Formulate and Study War Plans.

A systematic movement to secure additional members for the Engineers' Corps of California was started here yesterday, with the opening of a temporary recruiting office. Through these recruiting offices, and a campaign to be carried on by the different scientific societies, it is expected that within a comparatively short time practically all of the engineers of California who can spare the time will be enlisted to take advantage of the drills and instructions.

The corps, it was stated yesterday, will remain a civilian organization, patterned after the Corps of Engineers, U.S.A., in formation, equipment and instruction, unless otherwise voted by its members. For the present any member will be allowed to resign when necessary. The final constitution and definite policies will be adopted later by postal ballot.

The object of the Engineers' Corps of California, it is stated, is to have in readiness for the government in time of necessity. The training will fit members to obtain commissions in the officers' reserve of the United States Army.

The movement has the support and assistance of the department headquarters, United States Army, at San Francisco, and Capt. Richard Park, Corps of Engineers, will act as advisory head. The regimental commanders have been temporarily appointed as follows: Colonel, First Regiment, William O. Hammett, of San Francisco, a graduate of West Point; Colonel, Second Regiment, George L. Dillman, a graduate of Annapolis; Colonel, Third Regiment, Charles T. Leeds, of Los Angeles, captain of engineers, United States Army (retired), and brigade adjutant, Joseph D. Smedberg, civil engineer of the State engineering department, Oakland.

These five constitute a temporary Executive Committee. All are members of the American Society of Civil Engineers.

The movement also has the endorsement of the seven engineering societies in Southern California. While the Central Committee on Military Affairs, composed of representatives from each of these societies, is working to advance the Engineers' Corps within the State, on this committee are: Capt. Leeds, chairman; H. O. Slater, secretary; W. H. Adams, treasurer; A. D. Jones and E. L. Swain.

There are now fifteen members of the corps in Southern California, and from 200 to 250 in the entire State. They are meeting weekly for training and instruction, as well as carrying on personal studies. There are probably 800 engineers in the State who are eligible to join the corps. It is expected that the major portion of these men will soon be members.

As part of the plan the State has been divided into three sections, and one regiment has been provided for each section, with company headquarters and temporary recruiting offices in the important cities.

For Southern California, the recruiting offices and locations are as follows: San Luis Obispo, Albert A. Peters, No. 1206 N. Main; Santa Barbara, Fred L. Johnston, No. 1013 State street; Los Angeles, Wilbur Jordan, room No. 23, City Hall; Louis Messer, Marsh-Strom Building; Charles H. Lee, No. 1104 Central Building; J. H. Fox, No. 1104 County Surveyor's office, Hall of Records; Santa Ana, A. R. Ralph, No. 1114 East Fourth street; Riverside, W. H. Waugh, No. 163 North Monroe street; San Diego, L. H. Johnson, No. 153 Third.

It is proposed to have a squad or more in every town where at least two engineers are located. The qualifications, etc., will be kept constantly up to date, and in times of emergency qualified assistance can be immediately called upon.

TELEGRAPH WITH LIGHTS.

Battleships can send twelve miles in daylight. [Popular Mechanics:] Although searchlight signaling between battleships was a means of communication at sea long before the introduction of wireless telegraphy, it is still utilized.

The latest battleships of our navy have been equipped with projectors designed especially for this purpose, while the older vessels use their regular searchlights, for which auxiliary shutters are supplied. Levers operate these latter members, flashing the lights on or off quickly so that messages may be spelled out in dots and dashes, either at day or night.

For day signaling the light shaft is directed squarely at the observer, and for signaling at night the projector is mounted with the telescope. When atmospheric conditions are good the radius of communication is about twelve miles in any direction. At night this is obviously much increased, for light may be played on some prominent cloud and seen for a distance of forty or fifty miles.

When there are no clouds the searchlights may be directed skyward and their shafts of light seen at closer ranges. The feasibility of launching captive balloons as substitutes for cloud banks has been suggested.

TOWN DIDN'T WANT PARK.

Postoffice Building. [Collaterals:] The citizens of Coleman, Tex., wanted a new postoffice building, and to prove their good faith, bought a \$50,000 lot with their own money and decided it to be government. But they were not hungry for "park." Their Congressman, James L. Hays, introduced a bill appropriating \$55,000 for the building, and when they heard about it the Coleman folks sent him word that a \$25,000 postoffice would be quite sufficient. The town of Coleman is welcomed into the Society for the Abolition of Public Buildings. What locality will be the next to qualify?

RUSSIA'S NEW PORT.

Kola on the Arctic Ocean will be Open the Year Round Because the Gulf Stream Takes Off the Edge of the Frost.

[Commerce and Finance:] Archangel, about which we have heard so much since the war began, is below the 65th deg. of north latitude and is frozen in for nine months of the year. Kola, the new port Russia is opening, is about 300 miles nearer the North Pole, being close to the 70th deg. and will be open all the year round. Archangel is on the White Sea. Kola is on the Arctic Ocean but the Gulf Stream turns into the Arctic waters there and takes enough of the edge off them to keep them from freezing solidly.

The building of a railroad from Petrograd to Kola has been a wonder work. What it means to Russian development is not difficult to imagine. What it means too, in opportunity to American commerce is easy to see.

A review of the stupendous undertaking which the Russian government has been engaged in almost without notice by the outside world is given in the Evening Sun in part as follows:

In less than a year Russia has laid and set in operation four-fifths of the line that is to put her out of all dangers of future isolation by the Teutonic powers. In a few more months the last 150 miles of the overland route from Petrograd to the Arctic Ocean will, in their turn, be completed. Russia will then be free to be kept open to entry throughout the winter season.

Nowhere more readily than in the United States, a country of railways, will the achievement of the Russian engineers be appreciated. It is as if 750 miles of transcontinental line had been built by this country in a single year at the height of the Civil War. A great part of the task was carried out during the frozen months in defiance of the bitter climate in Europe. Endless and seemingly bottomless bogs were crossed, though piles and pile-drivers disappeared in them more than once. Hundreds of miles of hard rock outcrop, clear of every vestige of soil, were leveled and smoothed out for the right-of-way by the patient use of dynamite. Thirty thousand men, more or less, worked through most of a year to carry out the project.

The line, as revealed in recently published pictures, is a broad gauge single track route, fairly free from heavy timber and sharp curves. Forests along portions of the line will supply plenty of wood, the customary Russian railway fuel, for years to come. The capacity of the route for freight should be equal to that of the transcontinental line in the United States, or perhaps somewhat greater, owing to the absence of local traffic along the route.

A simplification for train schedules. Russia, since the war started, has assembled the legendary boy, who pores over closed books and application of gold leaf and who died, in Russia's case, the stoppage was one of the most serious of the war. Strange to say, the Russian empire, with a land area exceeding the metropolitan territory of all the other powers in the war, spent the six months of last winter and a like period the winter before, shut out from all contact with her allies and the open sea, save only through the one distant outlet at Vladivostok. As a result, Russia, from April to August, 1915, was starved for war equipment. She lost over 100,000 square miles of European territory to the Teutons, without being able to fight a single battle for it. At the same time the empire was impoverished by inability to export its stores of wheat, which lay rotting in the granaries, while Russia's credit the world over lay steadily.

The new railroad and the new port opened the way for the resumption of trade with the outside world. The line, which is now only 750 miles from Petrograd, will presently terminate Russia's isolation. It will open up a new route to Russia via Kola, which will doubtless then begin on a scale similar to the shipment of goods to the coast. The completed road will constitute the greatest piece of state construction carried out by any belated power during the war, not excluding the tunnel of the Marseilles-Rhone Ship Canal opened by France the other day.

Immediately useful a task thus brought near a close, affords one of the numerous signs that Russia is beginning to fight. Put the improvement brought about by the railroad together with such tokens of strength as the coming of Russian troops to France and the Russian advance in Asiatic Turkey, and you begin to realize the formidable impetus which the giant nation is slowly gathering against the Teutons.

If there is anything in the nature of a railway further north than Kola, the present venture does not know it. A railroad far within the Arctic Circle! Who ever dreamt of such a thing?

RELICS OF PHAROAH.

Jewelry and Inlaid Doors of Palace Coming to Philadelphia.

[Philadelphia Public Ledger:] In a palace where lived Merneptah, Pharaoh of Egypt about the time of Moses, Dr. Clarence W. Fisher, director of the Eckley B. Cox, Jr., expedition from the University Museum, is making excavations, according to a letter just received from him. Last year he discovered the palace, but the heat was so intolerable that all operations were postponed.

The palace is next to the temple of Mentu, so-called because he was built either by Seti or Merneptah. The palace was ruined by fire and never was rebuilt. In one large room, apparently the throne room, Dr. Fisher has unearthed many valuable objects after digging through ten feet of mud, which covered the floors in the course of the ages. Gold earrings, necklaces, bronze lamps and a bronze wheel, evidently from a chariot, already have been taken.

Several doorways, one of which is inlaid with falcon work, and one with gold, also were unearthed, and they are expected to be among the finest of exhibits at the University Museum. A large number of trained workers are engaged in the excavations and a light railway has been installed to expedite the removal of the debris.

The Broadway Department Store Broadway, Fourth and Hill

Furniture! Furniture!

Important Savings—Liberal Payment Plan

—The new Furniture Department on the 6th floor will be one of the centers of attraction on Greater Broadway Day. Some very remarkable prices have been named and it's important also to know that this furniture may be purchased on our new liberal payment plan—small percentage down and the balance in periodical payments convenient for you.

This \$31.95 Couch \$24.95

—There is a full saving of \$7 on these splendid head couches, covered with genuine leather, spring seat and head. Solid oak frame, \$31.95 regularly. Greater Broadway Day \$24.95. Easy payment plan.

\$24.50 Dining Table \$19.50

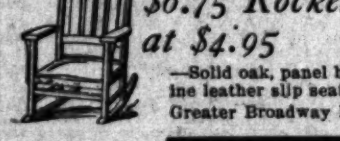

—Solid quarter oak dining table, massive, large pedestal, 45-inch top. Extends 6 feet. Fumed oak finish, any shade. Liberal payment plan.

This \$9.95 Table \$6.95

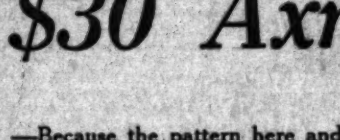

—Quarterned oak library table, size 24x36, like picture. Light fumed finish, regular \$9.95 table. Greater Broadway Day \$6.95. Liberal payment plan.

This \$10.00 Bed \$6.75

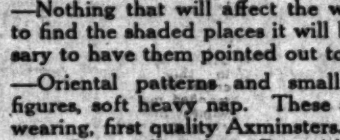

—Steel bed, two-inch continuous posts, five 1-inch fillers. Light weight, ball-bearing castors, finished in white enamel or Vernis Martin. This is a regular \$10.00 bed. Greater Broadway Day, \$6.75. 6th Floor.

\$5.00 Oak Rocker \$3.25

—Panel back, wide arms and rockers, mission design. \$5 Chairs, while they last Monday, \$3.25.

\$6.75 Rocker at \$4.95

—Solid oak, panel back, genuine leather seat, straight line, mission style. \$6.75 regularly. Greater Broadway Day, \$4.95. Sixth Floor.

\$30 Axminster Rugs, \$17.95

9x12 Size—Slightly Shaded

—Because the pattern here and there is slightly shaded, we are able to offer a \$30 quality Axminster Rug at \$17.95.

—Nothing that will affect the wear, and to find the shaded places it will be necessary to have them pointed out to you.

—Oriental patterns and small Persian figures, soft heavy nap. These are good wearing, first quality Axminster. Big feature, Greater Broadway Day, 4th floor.

\$2.50 to \$4.75 Curtains

To Sell at Half Price

—Genuine Irish point curtains, some are slightly imperfect, while others have been placed.

—They're marked in the regular way \$2.50, \$3.50 and \$4.75. Greater Broadway Day buy them at \$1.25, \$1.75 and \$2.35 pair.

\$1.65 Madras Curtains at \$1

—Genuine Scotch imported madras curtains. Floral, scroll and caliche effects; double borders. \$1.65 quality out Monday at \$1.

\$1 Marquette Curtains 89c

—Made from mercerized marquette with 2-inch hemstitched border. Very durable. Even at \$1 they're very special. Greater Broadway Day, 89c. Fourth Floor.

600 More of Those 25c Cups and Saucers to Sell at 10c each

—Thin china, different decoration, like the picture. No telephone orders and a limit of \$5 to a customer. These are imported from Japan. The 25c quality. While the stock of them lasts, 10c each. Delivered with other goods from the Fifth Floor.

Table Tumblers 6 for \$1.00

—Pretty daisy cut design, \$1.60 down of them. Set of 6 for \$1. Bon Bon Dish With Handle 79c

—Daisy cut, a large piece of cut glass for 79c.

Yellow Mixing Bowls—3 Sizes 55c

—One 8-inch, one 2-inch and one 3-inch yellow mixing bowl. Complete set for 55c. In sets only at the price. Fifth Floor.

Curtains and Draperies

—How can you afford to remain away from the Drapery section while such prices as these prevail? Remember, Greater Broadway Day only.

\$1.25 Repp Cretonnes 85c

—Concordia Repp cretonnes, 56 inches wide. "Make a big headliner of this," said the department chief. Peony design, rich dark shades in mahogany, delft blue, green; also black. The famous Lichtmeyer pattern, white back grounds. \$1 quality at nearly half—55c.

\$1 Britannia Cretonnes 55c

—Floral, scroll and daisy that will stand sun light. Tulip design, yellow and mahogany; cream back grounds, soft shades of blue and pink floral patterns, white back grounds. \$1 quality at nearly half—55c.

25c Seed Voile 15c

BROADWAY, FOURTH AND HILL.

QUEER MEXICAN FOODS.

If Americans were to Live on "Fat of the Land" They Would Find It Lean, but They Will Learn of New Kinds of Food.

[Washington Star:] If the American soldiers had been forced to live on "the fat of the land" while on their punitive expeditions into Mexico they would have found it decidedly lean and would have had occasion to complain bitterly of the commissary, for, although the neighboring republic has within its borders an extraordinary variety of food products, including most of the vegetables, fruits and cereals grown in both the temperate zone and the tropics, there is neither variety nor abundance in its Northern States. A bulletin on culinary practices in the southern republic, issued by the National Geographic Society in Washington, says:

"Since the days of the Montezuma Mexico's staff of life has taken the form of the tortilla, made of Indian corn, which is indigenous to the country. The preparation of the tortilla is the work of the Indian women, who first beat the grain and then, while adding water, grind it to a stiff paste on a metate, or flat mortar. This paste is usually in mold with the hands into thin cakes and is cooked much after the fashion of the 'hockies' of Dixieland.

"The corn, which is frequently fried in fat, is another staple, both when served alone and when constituting an important ingredient of the famous chile con carne, a sort of goulash, compounded, customarily, of beef and beans, with a plentiful seasoning of chili, the Mexican pepper.

"The hot tamales have made its way across the border, but it does not have the same flavor when taken from a can as when the particles of meat are seasoned with pepper, mixed with cornmeal, wrapped in corn 'shucks,' boiled until thoroughly cooked, heated out of and eaten from the shuck.

"One of the odd dishes of North America is the pipilote, made of finely ground squash seed, boiled in a saucepan.

"While the tortilla, frijoles, chile con carne and tamales, washed down with liberal quantities of pulque, may be considered the foundation of the menu, the people of Southern Mexico have various appetizers which are unknown to the north. There is, for example, the 'water wheat,' which is not exactly what its name implies, but the eggs of fish. The native Mexican calls his water wheat with the same epicurean relish that the Chinese mandarin sets his expensive bird-nest, the Central African his raw hippopotamus, the Canton merchant his wall-frog and the West Indian his palm worms served in fat.

INSECTS AND EGGS EATEN.

"The water wheat fields are ponds in which the pees pees bundles of pulque, a few feet apart, so that the tops are just above the surface. On these reeds or rushes the insects deposit their eggs in the hour. Almost impossible to secure it at any price. This is the regular \$1.25 quality. Greater Broadway Day we offer it at \$1. Aisle 1.

50c Net Guimpes, 25c Ea.

25 dozen of them, white, navy, red, purple, orange, emerald green, light blue, coral, amber and lavender. Made with center seam at the present market. Collars are bound. Greater Broadway Day 50c. Aisle 1.

Sheets and Pillowcases

—These prices for Greater Broadway Day only.

Linen Finish Sheets 50c

—Size 72x96 including hem. Good quality sheeting with a linen finish. Made with center seam at the present market. But this is a big feature.

31x98 Seamless Sheets 79c

—Very fine quality bleached sheeting, seamless, extra large. Measure 118x118. Greater Broadway Day only 79c.

45x36 Pillowcases 15c

—Monday only. Greater Broadway Day, buy them at 15c. Have 1000 in stock.

36-in. Bleached Muslin 9c

—Length 5 to 36 yards, otherwise the price would be considerably more. Greater Broadway Day 9c. Second Floor.

Boys' \$1.25 to \$3 Tub Suits 95c

HEALING HANDS FOR THE POOR.

Report Shows Past Work Done at Memorial Dispensary.

Ten Thousand New Cases are Received Each Year.

Specialists Donate Services Only Fortune Could Buy.

Years ago J. A. Graves of this city, as a memorial for his son, always Emmett Graves, gave \$25,000 to further the work of a dispensary connected with the Los Angeles department of the college of medicine, University of California. Today the Salvo Emmett Graves Memorial Dispensary, No. 117 North Broadway, the number of patients treated, with returning vitality, reaches more than 20,000 yearly, and the services donated there are of the highest medical profession, in terms of money value, exceed \$50,000 each twelve months. An average of 15,000 new cases are received during each year-period.

Details of the work done at this dispensary are contained in a bulletin for 1915, just issued by the University of California authorities, and practically the first complete yearly report covering this institution's accomplishments, though the work has been carried on since 1911.

"This dispensary," says the bulletin, "has undoubtedly been the largest philanthropic and humanitarian factor in the care of the indigent sick of Los Angeles who were sent to it to maintain being transferred to the Los Angeles County Hospital for bedside care."

There are daily clinics in medicine, surgery and related specialties and some fifty specialists donate their services to the worthy poor of Southern California, who are in need of medical and surgical supervision, and who receive that attention and care which will enable them to again take their places as useful citizens of the community.

Special daily clinics are held for women and children, for ear, nose and throat troubles, bone deformities and other ills. Nervous patients are treated Tuesday and Thursday. An X-ray clinic is held daily, and during 1915 the staff there made 277 radiographs.

A pharmacy is also maintained and there more than 1,000 prescriptions per month, on the average, are filled. The total of these last year reached 12,871.

From the other standpoint, much of value to science is accomplished at the dispensary. The patients presented are only an indication of the wealth of pathological material in the clinic of the dispensary.

The work is carried on in three large buildings, the Foundry Building, donated by the founders of the institution; the Salvo Emmett Graves Building, donated by J. A. Graves; and the Memorial Building, donated by Dr. W. A. Hendry. All this activity is under the general direction of Dr. J. A. Graves, M.D., the dean of the faculty of the Los Angeles medical department of the State University college of medicine.

MEANING OF LIA FAIL.

It is the Name on Which Jacob's Head Rested.

[St. Louis Globe Democrat:] In every strongly Irish newspaper either in America or in Ireland there is the correspondence titled "Lia Fail." We recover the Lia Fail. The Irish will become a republic. Where is it, and what is it? The Lia Fail? It is a name, it is a magic power. Those who remember the Fenian names some thirty years ago will recall the battle cry of the troops, "Lia Fail, for the Lia Fail!" The recovery of this Celtic name, however, would involve something more than a victory over some outlying province of Great Britain for it is a part of the occupation chair in Westminster Abbey. It is a curious piece of stone or metal, which is supposed to have been taken to Ireland, according to tradition, by the Fenians, and its removal from that island meant the death of liberty and independence to the O'Connell.

After a century of possession, it was conveyed to the London Islands, to be used in a coronation ceremony, and it was never seen again. The kings of Scotland seized it and held it as their mascot. By Edward it was carried to London, where the spoils of war, when the Scottish kingdom began to totter. The son of Edward attempted to restore the stone to the Scotch, but already it had taken such hold on the superstition of the English that they feared for their country, and a new prevented his restoration. The Irish have little chance of ever possessing it.

EXPLOSIONS BY WIRELESS.

If Ever Accomplished May Develop Appalling Destructive Power.

[Manchester Guardian:] Mr. Henson says, according to the Field, that it is now possible to blow up a munitions depot from a distance by wireless. If preparations have been made for the reception of the charge, this is, of course, quite possible, but Mr. Henson probably means that he has found a way to blow up a powder magazine without internal aid. If so, there is one government at least, whom he would be well advised not to approach, in the first instance. Italy must still have painful memories of her experience some years ago with the "F" rays. Their inventor retained that they would already the blowing up from land of a battleship was arranged by wireless, taking the secret with him. H. G. Wells, of course, has worked out this idea like most others of the future. Did not the inhabitants of Mars in his "War of the Worlds" deal silent and immediate death to their enemies by withering them by wireless? If the near future is to prove that magazine can indeed be exploded by wireless it seems a small means, and from that to the consummation which would already predict for warfare, an ending due to its very efficiency. Mr. Henson's statement, true or untrue, calls up a vision of a time when forces so appallingly destructive may be at the command of any belligerent that no nation will dare to use them.

ROYAL DESSERT SERVICE.

Belongs to the British Crown and Worth a Half-Million Dollars.

[London Tit-Bits:] The Queen's celebrated Savoy dessert service is kept in the green drawing-room at Windsor Castle. No fewer than twenty-eight pieces of the service were lost (or stolen) during the reign of George IV. Mr. Goode, the famous watch end expert, during the last fifteen years, has managed to buy back nineteen of these pieces, which are identical in every respect with those in the cabinets in the green drawing-room. Mr. Goode values the service, which belongs to the crown—i. e., it is not the private property of the Queen—at fully \$1,000,000, and one piece alone, the famous punch bowl, was valued a few years since at \$200,000. In the present owner's collection, the punch bowl is valued at \$200,000, while near at hand is another cabinet containing three vases, respectively of Savoy, Worcester and Crown Derby, which are valued at \$300.

MANY MILLIONS HARVEST YIELD.

Assured Prosperity in Rich Imperial Valley Acres.

Cotton Area Tripled; Seven Millions Crop Value.

Banner Showing by Other Products is Expected.

With a cotton crop coming on that promises to be worth approximately \$1,500,000, Imperial Valley growers are assured of a bumper yield. The cotton area has tripled in the last few years, and the crop value is expected to reach seven millions. The Imperial Valley is one of the richest agricultural regions in California, and its products are in great demand. The cotton crop is particularly important, and its yield is expected to be one of the best in the state. The Imperial Valley is also known for its other products, such as oranges, lemons, and grapes. The bumper crop of cotton is expected to bring a great deal of prosperity to the region.

EARLY PLANTING.
Planting began this year about twenty days earlier than ever before. The weather conditions were very favorable, and the cotton is expected to be one of the best in the state. The Imperial Valley is one of the richest agricultural regions in California, and its products are in great demand. The cotton crop is particularly important, and its yield is expected to be one of the best in the state. The Imperial Valley is also known for its other products, such as oranges, lemons, and grapes. The bumper crop of cotton is expected to bring a great deal of prosperity to the region.

LEADING ACREAGE.
The largest field of cotton in the Imperial Valley is said to be the Peter Barnes tract, south of the Imperial River. The field is about 1,000 acres in size, and it is expected to produce a bumper crop. The Imperial Valley is one of the richest agricultural regions in California, and its products are in great demand. The cotton crop is particularly important, and its yield is expected to be one of the best in the state. The Imperial Valley is also known for its other products, such as oranges, lemons, and grapes. The bumper crop of cotton is expected to bring a great deal of prosperity to the region.

GERMAN WOMEN CHANGING.
Formerly satisfied in their homes, German women are now struggling for equality. They are no longer content to be passive subjects, but they are demanding the same rights and privileges as men. This change in attitude is a result of the war, and it is expected to lead to a more equal society. The Imperial Valley is one of the richest agricultural regions in California, and its products are in great demand. The cotton crop is particularly important, and its yield is expected to be one of the best in the state. The Imperial Valley is also known for its other products, such as oranges, lemons, and grapes. The bumper crop of cotton is expected to bring a great deal of prosperity to the region.

SOUTH AMERICA MOVIES.

At Appointed Opening Time Doors Are Closed—Argentine Government Uses Pictures to Denounce the Insurgents.

[Boston Transcript:] Almost everybody goes to the "movies" in South America, where they are called "cinemas," the full name, "cinematograph," having proved too burdensome. Everyone takes them in—aristocrats, peons, rich and poor, young and old, all classes and kinds, except the unfortunate blind. In the matter of popularity and character of attendance, therefore, the "movie" has nothing on the "cinema," but there are some few points of difference in the way they are managed. In the Argentine, for example, the doors are closed at a certain hour of the afternoon or evening, at the appointed time doors are closed, or in most cases, a heavy and highly decorated curtain is dropped, and the show in the auditorium begins. A rather novel arrangement in the waiting lobby immediately in front of the entrance. After purchasing a ticket, the patron enters the lobby or corridor, takes a comfortable seat and waits until the termination of the first section of the play. While waiting, one may listen to the hand of music, which may be heard equally well by those who remain in the lobby or in the auditorium. At times the crowd becomes congested, and all the lobby seats are occupied. In such cases, the ticket seller withholds further admissions and the swelling crowd of waiting patrons must remain in the street until seats are available.

In most of the larger cities of South America, the motion-picture theaters represent a considerable outlet of capital. If they have not been constructed especially for this class of business, they are, in most cases, buildings that have been remodeled and modernized, and elegance and attractiveness are leading features. In recent years some of the finest playhouses have thrown open their doors to the motion pictures, a fact that permits the humble citizen to get within the marble halls of the great theaters. The business, too, has made its way to the smaller towns, and even to the hamlets, where the amusement appears to be just as popular as in the great cities. The motion picture is the only source of diversion. In not a few cases the most attractive feature of the town is the motion picture theater. The motion picture is the only source of diversion. In not a few cases the most attractive feature of the town is the motion picture theater.

One of the most practical uses to which the motion picture is applied in South America is the service at the Argentine immigration bureau in Buenos Aires. In normal times that country receives 1000 immigrants a day. These people are kept for a week at government expense at an immigrant hotel, and during their sojourn a series of motion pictures, not only entertaining but instructive, are shown to them. The pictures show the newcomers the agricultural activities of the country, showing them glimpses of home life on the vast pampas where they are soon to be located, and otherwise imparting general information they should have. Another innovation here found was a leading church in the Argentine capital had installed a good moving-picture outfit. It was operated at frequent intervals, showing mainly educational and religious subjects, and "judging by the immense gathering of children clamoring for admission, which was the innovation was popular, and the young minds were receiving lessons and uplift stories that were never forgotten."

A STANDARD BARREL.
The United States Barrel Will Contain Specified Amount.
[New York Evening Post:] It is now possible to deny that standardization has not been the first of July, the country will mean the same thing when it says "barrel"—that is, if it refers to a barrel used in the sale of fruits and vegetables. This barrel will contain 70.5 cubic inches, about 38 quarts, or approximately three bushels. A fine of \$500 or imprisonment for six months will encourage lovers of individuality to lay aside their predilections in this matter and like the rest of the community. It is but a short 127 years since the Federal government started out, among its powers being that of regulating weights and measures. Already we have a standard barrel. A few feeting decades, and the standard bushel will confront us. To our great grandchildren, a quart in New Hampshire may hold no more, no less, than a quart in New Jersey. It is hopeless to oppose the march of progress.

Greater Broadway Day

—No section of the store could possibly have greater value interest than the Basement on Monday, Greater Broadway Day.
—This Basement Store Within a Store has been making such phenomenal strides in sale increases that it's natural this great shopping center should celebrate and on Greater Broadway Day all departments are combining to make it a day long to be remembered.
—This Broadway Basement is more than a Basement—it's a store in itself in which ideal shopping conditions prevail.
—98,000 cubic feet of fresh washed air circulates through the Basement every minute.
—There's a rest room, a lunch counter and a soda fountain.
—Come Monday and take advantage of Greater Broadway Day. The savings are phenomenal.

Men's Suits \$10.95

—Patterns and colorings in variety—light, medium and heavy weights in cassimers and worsteds.
—Three-button sack models in sizes 34 to 44. Many marked higher. Monday \$10.95.

The Broadway Basement

Boys' Suits \$3.35

—Lined with Italian serge. Norfolk with patch pockets. Additional knickers, 60c. Sizes 6 to 15 yrs.
—Children's 49c
—Rompers 29c

The Broadway Basement

For Greater Broadway Day—A Special Purchase 600 Prs. Women's Footwear at \$1.85

—High quality footwear in the very modish styles of the season. Quite a grouping of white footwear, high and low, is included in this special purchase. Many white canvas shoes and white muck pumps.
—An extraordinary lot of all-black footwear and colored combinations in pumps, colonials, oxfords and strap pumps. Hand-turned or heavier flexible soles. Priced low because of slight imperfections, which will not, however, affect either wearing quality or appearance. Choice, while they last, \$1.85.

The Broadway Basement

Women's Fiber Boot Stockings 15c

—Imperfect, black only. Seamless stockings with deep lace garter welt and reinforced heel and toe. Neatly mended. Sizes 9 and 9 1/2 only. While they last, 15c pair.

The Broadway Basement

Women's Fiber Boot Stockings 20c

—Imperfect higher priced line. Black or white. Deep slit lace garter welt. Reinforced. 20c pr.

The Broadway Basement

Women's Shaped Vests 10c

—Imperfect 35c line. Low neck, sleeveless and shaped. Sizes 34 and 36 only. 10c each, while they last.

The Broadway Basement

Women's 25c Union Suits 15c

—Low neck, sleeveless. Lace or cut knee. All perfect and form fitting. Sizes 34 and 36. While they last, 15c each.

The Broadway Basement

Trimmed Hats \$2.95

—Black and white henn and Milan henn salons, also large mushroom shapes, black and white horse-hair and chiffon shapes. Handsomely trimmed with flowers, ribbons, fancies, jet pins, etc.
—All are new creations designed especially for summer wear. Some all white, some all black and some trimmed in color. A Greater Broadway Day feature at \$2.95.

The Broadway Basement

Lingerie Waists 88c

—Another shipment of these beautiful lingerie waists. Voiles in white, flesh or light blue, with dainty full on front. Organza, lace or embroidery trimmed. Distinct in plain models.

The Broadway Basement

1000 House Dresses at 50c

—Wonderful value! Now marked at 75c! Gingham, muslin, though some percales are included. Blue, lavender, gray or black combined with white in stripes or checks. Sizes 34 to 44.

The Broadway Basement

Greater Broadway Day Brings Forth Tremendous Savings Suits, Coats & Dresses at \$9.50

—SUITS, that were formerly marked much higher, many as high as \$14.75. So very pretty, due to their effective trimmings, that selecting is a pleasure.
—COATS, many of which were formerly marked \$14.75, and wonderful value at that! Sports coats, checks and white chinchillas. Coats that you'll want for summer wear.
—DRESSES, that previously were out to sell at \$14.75, and such dresses! New full skirt styles and many panner effects. Silk dresses, mind you, and only \$9.50 Monday.

The Dresses at \$9.50

—Taffeta, crepe de chine and Peking silk. Gray, navy, Copenhagen, rose, green, brown and black. A few stripes. New full skirt styles, many panner effects, others with tunic.

—Cord finish at bottom. Included are party dresses in crepe or taffeta, combined with lace. Formerly \$14.75 and out Monday at \$9.50.

The Broadway Basement

The Suits at \$9.50

—The pretty models in navy, black, brown, reeds and dark green. Pretty flare styles. Large and small checks—some taffeta, some cord. Also plain tailored models in gray, black and navy. Sizes 14 to 36—Monday, \$9.50.

The Broadway Basement

The Coats at \$9.50

—Sports styles in plain colors—tan, rose or blue, trimmed with large checks of same shade. Coats of black and white checks, and dark colors in serge or poplin with taffeta trimmings.
—Also long coats in mixtures, and many white chinchillas. Every suit a good big bargain at \$9.50.

The Broadway Basement

Men's Socks at 7 1/2c

—Imperfect, black only. Socks that were marked to sell at twice the price! Only because of tiny mended places can we name a price so low. A Greater Broadway Day feature at 7 1/2c, while they last.

Novelty.

DISPLACE FORM IDEA.

TWO RIALTO OFFERINGS SAID
TO STRIKE NEW NOTE.

"Dramatic form," that god of
dramatic critics in days gone by,
would appear to have dissolved into
this air. Two new offerings on the
Rialto this week, it is said, will
prove this assertion—"Overtones,"
presented by Helen Lackaye and
company, with its volubility drama,
and Owen Davis's new play, "Mile-
a-minute Kendall," which is also
declared in some respects to sub-
vert form to novelty in the un-
folding of its plot. Two very ac-
cellent actresses likewise explore
these plots, viz., Helen Lackaye and
Edith Lyle.

In less contrast is the classic
drama of Shakespeare, "Julius Cae-
sar," which, however, will be seen
for one night only.

Burbank. Edith Lyle, the beautiful new
leading woman whom Oliver Mo-
rosco has secured for his Burbank
Theater, will make her debut under
the Morosco management tomorrow
night at the Burbank in Owen Da-
vis's new play, "Mile-a-minute Ken-
dall."

The story of the new play cen-
ters around the romance and adven-
tures of a capitalist's son, who is
known as the fastest money spender
in New York. His romance is said
to be excellent, and its dialogue of
the rapid-fire variety which makes
for instant success.

Others on the bill will be Cook
and Lorraine, "The Two Million-
aires," Jimmie Conlin, Lillian Stiles
and Eddie Parks, who sing, dance
and chat; Laurie and her troupe,
"Lost and Found," a musical act,
and the holdovers, including "Ma-
nus Quorum," Fred Schaefer, the Wa-
son Sisters and Homer Miles and
company in "An Innocent By-
stander."

"Canary Cottage," the brilliantly
successful Morosco-Harris-Carroll
musical comedy, will begin its third
week at the Mason with tonight's
performances.

It is said that Earl Carroll's mu-
sic is being sold by the hundreds,
especially the "Orange" number and
"Never Knew," which the beautiful
fashion display, as exhibited in the
gowns of the lady principals and
chorus, is attracting the women
folk.

Morocco. "The Brat," Maudie Fulton's bril-
liant comedy of youth, will go into
its eighth week at the Morocco this
afternoon. The play is schedu-
led for San Francisco on June 11.
This week's performances will close
the run of the play in this city.

Following "The Brat," the Hal-
ton's new play, "Upstairs and
Down," will be given its premiere
at the Morocco, with Richard Ben-
nett and Mary Servino in the prin-
cipal roles, and with Leo Carillo,
Douglas MacLean and others sup-
porting.

Majestic. "Julius Caesar," with its dis-
tinguished cast of players, who ap-
peared in the Hollywood production
on May 18, will be given tomorrow
night only at the Majestic Theater.
De Wolf Hopper, William Farnum,
Tyrone Power, Sarah Truax, Con-
stance Crawley, Frank Keenan,
Grace Lord, Charles Gunn, Theo-
dore Roberts and others have leav-
ing roles, and the play will be given
exactly as at Hollywood, excepting for
some of the big battle spectacles, of
which could be produced only out
of doors.

Pantages. Billie Burke will appear as a
prisoner in the camp of a tribe of
semi-civilized Indians, Indians in
the Florida Everglades, in the sec-
ond installment of "The Florida
Everglades," which will be shown at the
Pantages this week, beginning to-
morrow. This chapter of the story
is said to be unusually thrilling.

The vaudeville performance in-
cludes Hyman Adler and company in
a tabloid comedy of the "Potash
and Perlmutter" type; Sprague and
McKee on roller skates; Harry
Gilbert, monologist; the Three Hek-
ey Brothers, acrobatic dancers; and
a spectacular feature entitled "A
Tangoland Revolution."

Hippodrome. A bill of people color and
variety is presented at the Hippo-
drome this week, beginning to-
morrow.

Heading the bill will be Amy Butler
and the little troupe of "The Potash
and Perlmutter," in which appear a
number of pretty girls and witty
humorists. Others will be the Kram-
ers, Chinese musicians; Harris and Al-
kinson, two girls who dance; Russell
Brothers and Mesley in a comedy
trampoline act; Grace Mendon, a
travelling comedienne, and Al Law-
rence, billed as "the man with a face you
can't forget."

Repulse. An immense spectacular, gladi-
atorial production, "A Sports of
Rome," in which is featured Young
Hackenschmidt, a brother of George
Hackenschmidt, better known in the
world of sports as the "Russian
Lion," comes to the Rialto in the
new bill of vaudeville at the
Repulse. Special scenery, special
music and special costumes accom-
pany the act. Donita, character
song and change artist, promises
some novelties. Reason and Harry
will appear in "The Original Rag-
time Man." Lillian Stiles bring a
number of new songs in their mu-
sical and fancy-dancing act, while
Ted Ullmark, the popular character
singer, is being brought back by re-
quest of the Republic audience. R.
A. Harvey and company present a
comedy novelty, "The Moon Upside
Down." "The Children of Eve" will
be the film offering.

Hyman Adler, Pantages. W.S. Harney, Hippodrome. Edith Lyle in "Mile-a-minute Kendall," Burbank. Helen Lackaye in "Overtones," Orpheum.

MUSICAL

Attractive.

POPULAR WORKS BILLED

OPERA PERFORMANCES STEAD-
ILY GAINING IN CHARACTER.With a big measure of success to
their credit, already, the California
Grand Opera Company will open the
second week of its engagement here
this afternoon with a special per-
formance of the "Barber of Seville"for the benefit of the school chil-
dren of the city. This will be fol-
lowed tomorrow night by Verdi's
"Aida," with Constantino in the
role of Rhamdames. Other popular
operas are billed for the remainder
of the week, and increasingly fin-
ished performances are indicated by
the rapid gain that has already
taken place in the movement and
life of the production.Of all the excellent productions
given during the past week by the
California Grand Opera Company
none ran more smoothly nor was
more acceptable to the audience
than the rippling, mirthful, melo-
dious "Barber of Seville." The cast
for this afternoon, it is announced,
will include Florentino Constantino,
Mme. Serio de Pascual, Felipe
Benayán, Halo Poch, Vittorio Tre-
viani, and the rest of the splendid
company that gave the opera withsuch marked success last Wednesday
evening.Distinctive among this week's pro-
ductions will be "Un Ballo in Mas-
chera," to be sung next Saturday
evening. This opera has special in-
terest for Americans from the fact
that its scene is laid in New Eng-
land, and the rather bedevilled no-
tary, Richard, Count of Warwick,
we are told, is the "governor of Bos-
ton." There are other somewhat
humorous discrepancies, but the
opera is strongly musical and dra-
matic. It contains, among other
gems, a rare quintette, that com-
pares favorably with the famous
"Rigoletto" quartet.

OPERA AND CASTS.

The operas and their casts for
the week are as follows:Monday evening—"Aida," with
Constantino as Rhamdames, Virginia
as Aida, Treviani as the King of
Egypt, Giovacchini as Amosaro,
Fox as Amosaro and Tichel as the
high priest.Tuesday evening—"La Gioconda,"
with Lombrook, Vogliotti, Benayán,
Bradi and Straum.Wednesday matinee—"Lucia," with
Ingar, Silva, O'Houpp, Treviani
and Mackie.Wednesday evening—"Rigoletto,"
with Mme. de Pascual, Benayán,
Vogliotti, Poch, Straum and Tre-
viani.Thursday evening—"Cavalleria
Rusticana" and "Pagliacci." In
"Cavalleria" will be heard Virginia,
Ingar, Straum, Silva and Mackie; in
"Pagliacci" Constantino, D'Ououpp,
Giovacchini and Silva.

Friday evening—"Rigoletto," with

Mme. de Pascual as Gilda, supported
by the same cast as Wednesday
evening.Saturday matinee—"Aida," with
Vogliotti, Lombrook, Silva, Bradi,
Poch and Treviani.

UNIFORM PRODUCTIONS.

The first week of the season, of
course, has shown the caliber of the
various artists of the company. Natu-
rally, Constantino and Benicio de
Pascual of the Metropolitan Opera-
house, who was accorded a genuine
ovation when she sang the role of
the merry Rosina in "Barber of Se-
ville," must be accorded first hon-
ors. But there are others in this
company who could hold their own
on almost any operatic stage, and
some of them, as for instance Poch
and Treviani, have sung all over
the world and in the greatest pro-
ductions. But it is for the uniform
worth of the productions, rather
than for the outstanding work of
certain stars that the California
Grand Opera Company has received
commendation. The organization isexceptionally well balanced, and the
work of the large orchestra, and the
chorus, the ballet, the entire com-
pany, is satisfactory.Constantino has made Los Angeles
his home city. He has very ambi-
tious plans, comprehending, among
other things, a temple of art which
shall attract to Los Angeles art stu-
dents and art lovers from every-
where. In keeping with this plan is
today's free matinee for the school
children. Two thousand tickets were
distributed yesterday morning to
boys and girls between the ages of
14 and 18 years. Constantino says,
and with truth, that this is the most
impressible age of youth, and he
hopes that many boys and girls will
be so attracted with today's per-
formance that they will conceive a
life-long appreciation for music. He
believes it will be possible to de-
velop singing talent among these
boys and girls that will one day give
to the world one, perhaps several,
world artists.

Will Present Noted Pianist.

An exceptional attraction at the
next Woman's Lyric Club concert,
to be given the 14th inst., is I. Ve-
cel, distinguished Hungarian pi-
anist, who will be heard for the
first time in this city. Although Mr.
Vesel is a comparatively new artist
in this country, musical critics in the
East have been enthusiastic in their
praise of his genius. The proceeds
of the concert are to be used in aid-
ing the new Symphony Hall project.

Persian Program.

An evening of Persian music and
poetry will be given by Mr. and Mrs.
Sydney Sprague Tuesday in Music
Hall of Blanchard Hall Studio Build-
ing. Mr. Sprague will play original
and unpublished Persian melodies
on the piano, and Mrs. Sprague, who
is a Persian by birth, will sing Per-
sian songs and give a talk on Omar
Khayyam with an interpretation of

(Continued on Third Page.)

SOCIETY.

DEBUTANTE'S LETTER.

LOS ANGELES, June 2.—

Dear Kathleen:

You did look a darling at the party the other night, but I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

man who came about "never intro-

duce your donah to a pal," and I

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

was both ways both ways and I am

heartily jealous at the way all my

heart succumbed to your

charm. There was a vulgar old

interposed with tennis matches, golf

and motor.

Just now the sweet girl graduates

in the center of much attention,

the closing days of school bringing

with them the usual dances, junior

and senior parties and plays. And

almost directly after the close of

school there is to be an exodus to

the beaches.

Mrs. John Percival Jones has al-

ready fled herself to Santa Monica,

where she will occupy the Gillis

place for the summer. Mrs. Han-

cock Manning is in the East, and

Mr. and Mrs. Joseph Francis Sar-

tori are to leave today for a three-

month absence on the Atlantic

Coast, and with these three society

leaders away, there will be a notice-

able lull in larger social happen-

ings. Mr. and Mrs. Willis G. Hunt

and their beautiful boy are to de-

part Friday for Northern Maine,

where they have taken a lake cot-

tage for the heated term and hope

to keep open house for Angelenos.

Later they will motor to Quebec,

but not before they have gone to

Boston and other interesting points.

Mrs. Orcutt and Mrs. Jones were

bought the place for just one big oak

that spreads its lacy canopy over

a vast expanse—and here the tea

table was laid. Mrs. Charles Sumner

Kent, Mrs. Warren L. Williams, Mrs.

J. B. Millard and Mrs. S. S. Brick-

er, and a bevy of charming

young girls in summery sport clothes

serving—Miss Gertrude Orcutt,

Margaret Kellogg, Gladys Carson

and Emma Derby. Assisting at the

garden party were Mrs. W. S. Hart-

lett, Mrs. A. K. Brauer, Mrs. E. W.

Gargant, Mrs. Margaret Frick, Mrs.

George H. Stewart, Mrs. M. Blasse

and a few others.

The house under the trees—there

are two, in fact, for the men's

lovely dining-room and adjoining

kitchen, form one part with the liv-

ing and sleeping quarters and li-

brary are a further-hedged path

nearby—has been built with an eye

to retaining all the natural beauties

of a second-story balcony overlooks

the valley. Croquet courts and ac-

quiescent pools are also matricu-

lated at the university. The latter

is a senior and Mrs. Havermale

did research work.

Terminates Visit.

At racy Charles S. Albert has re-

grammed cards marking covers for

eight.

Dr. and Mrs. Hagan are anticipat-

ing a fortnight's vacation. Capt. and

Mrs. Louis Chaparral of Fort Riley,

who are to arrive the middle of this

month.

Reception.

Mr. and Mrs. Meyer Abraham

will receive at their home, No. 148

South Harvard boulevard, between

the hours of 3 and 5 Wednesday, in

honor of the confirmation of their

daughter, Miss Florence Abraham.

Another Confirmation.

At their home, No. 1445 Kingsley

drive, Mr. and Mrs. Samuel Gold

will receive their friends

Wednesday afternoon, the confir-

mation of their daughter, Miss Paul-

ine Gold, at Temple Final Brit-

ish. The hours are from 3 to 5 o'clock.

Practical Shower.

Delicately pretty with its mass

of pink flowers was the shower given

by Mrs. F. G. McGowan, formerly Miss

Madge Schalk, at the home of her

mother, Mrs. L. C. Schalk of Mor-

gan place, the past week honoring

the marriage of her daughter, Miss

Pauline Gold, to Temple Final Brit-

ish. The shower was given from a

rose-covered Japanese parasol.

Hurt-Valentine.

Judge York, an intimate friend of

Otto C. Valentine of No. 1818 West

Fifty-first street, officiated at the

wedding of the latter's daughter,

Miss Hazel Valentine, and Wilbur

S. Hurt Thursday afternoon. Mr.

and Mrs. J. Thomas attended the

nuptial pair. Mr. Hurt and his

bride have gone to Seal Beach and

will be at home later in Los Angeles.

Betrothed.

Mr. and Mrs. Oliver M. Carpenter

announce the engagement of their

daughter, Alice, to Raymond Ed-

ward Crandall. The wedding will

be at the residence of the bride-

elect's parents, No. 135 North Dow-

ling street, the 18th inst. The Car-

pentons formerly resided at No. 217

North Central avenue, Torrance,

where Mrs. Carpenter is well known.

Mr. Crandall is associated with the

Citizen's National Bank.

For British Red Cross.

A dance—fancy dress—and garden

party will be given by the ladies of

the various British societies and

their friends, following the lines of

"Early Days in California," at the

home of Mrs. J. H. Brown, 14th

and the following Saturday after-

noon, for the benefit of the British

Red Cross. The grand march will

be for the benefit of the British

Red Cross. The grand march will

be for the benefit of the British

Red Cross. The grand march will

be for the benefit of the British

Red Cross. The grand march will

be for the benefit of the British

Red Cross. The grand march will

be for the benefit of the British

Red Cross. The grand march will

turned to his Spokane home, after

a visit of several weeks with his

wife, Sarah Truax, and their sweet

young daughter of 7, who reside on

Bonnie Bras street.

Guests Return.

Mrs. Jennie Nowland and daugh-

ter Vera of San Francisco returned

from a two weeks' visit in Los An-

geles as house guests of Mrs. M. L. Lock-

wood and Miss Nell Lockwood of

No. 1314 Buckingham road.

Greeting Former Friends.

Accompanied by her young son,

"Dooley," Mrs. Pearl Kennedy-Duth-

ie has arrived from Montana and is

a guest at Hyvremhurst, the Holly-

wood home of Mr. and Mrs. W. H.

Hay, on Sunset boulevard, where

she is being greeted by many for-

mer friends.

Touring to the East.

Mr. and Mrs. Benjamin F. Kier-

ulff of No. 857 St. Andrews place,

are now enjoying an extensive "see-

ing" tour of the Pacific coast, having

been given by a club organiza-

tion in tribute to another, its object

being to establish friendly rela-

tions between these two recognized social

forces.

Something Quite New.

Chief among the social affairs of

the Los Angeles Athletic Club dur-

ing June will be the reception and

entertainment there of the

members of the Los Angeles Athletic

pletely was the surprise carried out

days at Atowhead, where she is

Singling out of 5000 Summer Blouses!

—It's Another Scoop for Hamburger's—

—Another instance of how an alert buying organization and ready cash bring the prices down, yes, and keep them down, at the Great White Store. Five thousand blouses, samples and surplus lines from New York's foremost makers, closed out to us away underprice—grouped into three great lots for a week of rousing blouse sales, beginning when the doors open at 9 o'clock Monday morning—come.

\$1.25 to \$2.00 Blouses at \$1.00
\$3.95 to \$5.00 Blouses at \$3.00
\$5.95 to \$12.50 Blouses at \$5.00

—Just scores and scores of different styles and colors—from the dainty plain lingerie models to those elaborate with lace and embroidery—from the plain tailored silk to exquisite modes of lace and chiffon—think of it—5000 all together—tableful after tableful will be ready tomorrow for the greatest throng of Blouse Shoppers, for the greatest Blouse Sale, in the Hamburger History.

1000 Blouses at \$1.00 —Lingerie blouses of marquisette, dimity and batiste, lace or embroidery trimmed, some with the popular large collar, still others in semi-tailored styles—choice of rose, maize, blue and white—all at \$1.00.
2000 Blouses at \$3.00 —Lace, crepe de chine, batiste, Georgette crepe and silk shadow lace, fashioned in scores of pretty styles from the plain to the elaborate—choice of flesh, rose, maize and novelty color-combinations—\$3.00.
2000 Blouses at \$5.00 —Silk, lace, crepe de chine and Georgette crepe blouses, in the newest of new styles, some with the popular frills and some with the modern round collar—choice of rose, Nils, peach, maize, flesh and white—\$5.00.
 (Hamburger's—Second Floor—Monday)

A Special June Sale Undermuslins \$1.39
Gowns, Combinations
 —Dainty lingerie that has carried \$1.50 to \$2.50 price tags—slightly soiled or rumpled, now, that's why they're at \$1.39. Monday. Elaborately trimmed nainsook night gowns and combinations, yes, and a few garments of crepe de chine, at \$1.39.
 (Hamburger's—Second Floor—Monday)

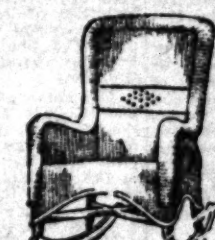

Embroidery Flouncings 95c
 —Very sheer voile and organdie—In the full skirt (40 to 46-inch) length, elaborate designs, many choice patterns—\$2.00 to \$3.00 quality at 95c yard.

\$10.00 Rugs, 9x12-ft. \$7.45
 (Hamburger's—Third Floor—Monday)

The New Bungalow Curtain Nets Have Arrived—and How Beautiful They Are!

—What a wonderful display awaits you—nets that are the newest of the new, including all qualities from the inexpensive kinds to the very fine and high-priced grades. Prices are reasonable, very reasonable—for we purchased in a way that only Hamburger's can.

New Bungalow Nets, 25c yard
 —Pretty flannel weaves in plain effects or small neat detached patterns; in white, ivory and Arabian—an exceptional quality at 25c yard.
Mission Nets, 50c
 —The newest patterns for the season—attractive effects in great variety, including designs suitable for any room in the home—50c yard.
Bungalow Nets, 65c
 —Fine flannel net weaves, in neat small patterns that will give that artistic lacy effect—they hang so gracefully, too—65c yard.
Bungalow Nets, 85c
 —Lace nets of fine quality in many new patterns for this season; in white, ivory, and Arabian—wonderful at 85c yard.

SOCIETY.

The ceremony will take place June 25 at St. James Episcopal Church in South Pasadena.
 Complimentary to Miss Ruth Ahlswede, who is to be a bride of this month, Mrs. Glenford Dainton of Calaveras street entertained Wednesday at her home with a garden party. Those present at the affair were Mrs. Samuel Marston, Mrs. George Vedder, Mrs. Raydon Voshell, Mrs. L. Paulson, Mrs. Charles Provost, Mrs. Ellen Starn, Mrs. H. K. Norton, Mrs. F. Carter, Mrs. S. J. Matison, Mrs. Earl Bohn, Mrs. Lewis Powell, Mrs. H. Merrill, Mrs. James Norton, Mrs. Julian Adams, Mrs. Ralph Wood, Mrs. Isabel Anthony, Mrs. Vian Ahlswede, Mrs. A. Nottmeyer, Mrs. H. M. Worcester, Miss Mary Wadsworth and Mrs. C. E. Post.
 Mr. and Mrs. John Hocker of No. 1177 North Fair Oaks avenue gave a surprise party Tuesday evening in celebration of the twenty-first birthday of C. E. Josten. The home was decorated with spring flowers and the evening was devoted to five hundred. Among those present were Mrs. Kenneth Wallace, John Wallace, Mr. and Mrs. H. W. H. Lawrence, Donald Lawrence, Mrs. Reynolds, Mrs. Norton D. Whitley, Miss Sammie Harris, Mrs. E. H. Brainerd, Mrs. Lauretta del Valle, Miss Mary Drew, Mr. and Mrs. W. C. Tyler, Mrs. Susan Puffer, Mrs. Helen Levens, Gust, Count and Countess Hardenberg, Mrs. L. C. Hardy, Miss Rose Fraser, Mrs. H. C. Cady, Mrs. Elsie Hardy, Mrs. Sidel Lawrence, Mr. and Mrs. William F. Towne, Mrs. Gloria Bretherton, Miss Annette Stone, Miss Schmidt, Mrs. Westphaling, Mrs. Fred Perry, Mr. and Mrs. Paul Myers, Miss Melton, Mr. and Mrs. William Swift, Daniel, Miss Marjorie Sander, Miss Peggy Davidson, Mrs. Beatrice De Lack, Krombach, Mrs. B. Van Pelt, Dr. Martin Nelson, Messrs. Wycliff Taylor of Riverside, Robert Elwood Peffer, Frank Nelson, Russ, Jack Lambert, Lawrence W. Allen, Clayton Luckey, Edwin M. Norwood, Wayland H. Smith, Quintro, Peilicorotti, Knox Folk Walker and Knox Clanton.
 For supper and dancing.
 Mr. Edward Rankin Drafner entertained Mr. and Mrs. Frank P. Flint and Mr. and Mrs. Henry J. MacKay, Jr. for supper and dancing in the green-and-white ice palace of the Alexandria Tuesday evening. Mrs. Thomas G. Hart and the Harf Spaldings also had parties. Mr. and Mrs. Tod Ford, A. L. Schwartz and Walter G. Van Pelt being with the latter. H. S. Hubbard of Riverside, with Mr. Cameron and a party of friends, also were skating. Mr. and Mrs. Loren D. Sale had guests and Mr. and Mrs. Hugo H. Johnson of Pasadena, who were in with friends. Thomas B. Brown in Mr. and Mrs. Walter Perry story and many others of the social sphere were at tables.
 Wednesday evening Mr. and Mrs. A. H. Burek entertained their daughter, Miss Amy, and Paul Hannon and a few others of the younger set, and Mrs. Mildred Landreth had guests.
 Just about everybody who could gain admission was in the pretty new room for last yesterday afternoon.

OUT-OF-TOWN SOCIETY.

WEDDINGS are to be the big feature of Pasadena society this month and numerous affairs are already arranged in honor of many bride-elects who have chosen this month as the time for their nuptials.
 Miss Myrtle Jones has decided on June 4 as the day for her marriage to Myron Wall of Berkeley, while Miss Ruth Ahlswede and Horace Vedder are to be wed on June 11. Howard W. Wright, Miss Martha Howard and Benson Talbot, have taken the same day for the date of their ceremonies. The Charles nuptials will be celebrated in Chicago.
 Miss Ruth Schultzein entertained with a dance at her home Friday evening. Fifty invitations were issued and guests were members of the younger set. Yellow and white were the colors carried out in decoration.
 Miss Agnes Wood of South Maren-go avenue entertained at the home of her brother and sister, Mr. and Mrs. C. L. Wood, No. 334 South Maren-go avenue, with a week-end dinner party. The affair was in honor of Miss Edith Reynolds, who is to be married the latter part of the month.
 Warren Smith of Columbia street entertained at his home Friday evening with a dinner party in honor of Miss Ruth Ahlswede of Los Angeles and Howard W. Wright of Pasadena, who are shortly to be married. Bachelor buttons were used, decoration and covers were placed for Miss Leigh Shelton, Miss Bob Shelton, Miss Katherine Wright, Miss Geraldine MacKnight, Miss Betty Alderson, Miss Fede Borden, Miss Vera McKinnon, Messrs. Morris Cadwallader, A. McCune, Stewart Simpson, Albert McCune and Warren Smith.
 Graduation exercises for the Orton school were held Thursday evening at the Buchanan Clubhouse. Dr. John Gilbert Ross opened the program with prayer and Rev. William MacCormack gave the address of the evening, choosing for his topic "The Responsibilities of Culture." Miss Anna Orton presented the diploma and recited music was given by Harold Wahlberg.
 At the close of the program a reception was given in the club parlors and masses of flowers were used in decoration for the event.
 Members of the College Women's Club picked yesterday at Brookside Park. A swimming race for the club championship was held and was followed by doubles in tennis, for which a prize cup was awarded. At noon a luncheon was served beneath the big oak trees.
 In the afternoon a programme of sports was carried out and Miss Adele Humphrey awarded prizes for the different events. The committee in charge of the affair consisted of Miss Sybil Jones, chairman; Miss Bertha Oliver, Louise Gatch, Harriett Snyder, Miss Updyke, Adele Humphrey and Viola Nichols; Mrs. Douglas Bradley, Mrs. Robert Starrett and Mrs. Ralph W. Bailey.
 Mrs. F. Freudenstadt, chairman of the Hospitality Committee, was assisted by Mrs. P. J. Perry, Mrs. S. Y. Van Meter, Miss Edith Spencer, Mrs. B. J. Stierrett, Dr. Sarah Cornell, Mrs. L. B. Morton and Mrs. C. F. Helmer. Mrs. L. Cavanagh was in charge of luncheon arrangements.
 Mrs. O. C. Frame of No. 148 North Chester avenue was hostess Friday to members of the Outlook Circle. Mrs. Vera Scharrp Pickley of Boston, Ind., who is visiting her mother, gave an interpretation of Wagnerian music preceded by a short sketch of the life of the musician. Sixteen guests were present at the affair.
 Mr. and Mrs. W. A. O. Munsell of No. 1278 South El Molino avenue has issued invitations for the marriage of their daughter, Helen Munsell to Keith Roberts of Cal-ss.

Jewels of Wondrous Beauty for the Bride

Jewels are today regard-
ed as the gift de luxe to
the bride. Jewel gifts are a predom-
inance at almost every important wed-
ding, and logically so, for, should not
the wedding gift be one that shall carry
the memory of the giver throughout a
lifetime?

Feagans & Company show some won-
derful jewel gift pieces that are espe-
cially worthy the consideration of those
who seek superior gifts for any event.

Now lavallieres and jeweled neck
ornaments: the new diamond set bar
brooches, gem cluster rings, jeweled
bracelets, jeweled neck bands, jeweled
earrings, jeweled lorgnettes, jeweled
watches and jeweled chains.

Gem solitaire engagement rings and anni-
versary rings, for which this house is famous.
There is much here that will be of deli-
cious interest to those who have wedding
gifts to buy—welcome.

Feagans & Company feature the remodeling
of family jewels in special designs, render-
ing a service that is unsurpassed in this
country.

NOTED STAR'S DEBUT.

BEERBOHM TREE TO SHINE IN
"MACHETH" THIS WEEK.

Those who have not heretofore
taken motion pictures seriously will
be compelled to pause and recom-
sider, this week, when Sir Herbert
Beerbohm Tree makes his appear-
ance in an elaborate film production
of Shakespeare's "Macbeth." Sir
Tree is not only a famous actor, but
he is a noted authority on all
Shakespearean lore and also the
most distinguished English theatrical
producer of the day. Other stage
names appear in connection with the
film, including Robert Warwick and
Douglas Fairbanks; while the film
stars include Henry Walthall, Helen
Holmes, Marguerite Snow, Blanche
Sweet, Virginia Pearson and Charlie
Chaplin.

Majestic.
A film production, long-heralded,
and of interest to all classes of the-
atregoers, is that of "Macbeth," with
Sir Herbert Beerbohm Tree, the
noted English actor, in the leading
role, which will be given its first
showing at the Majestic, Tuesday
night. The whole production is said
to be worthy of its distinguished
star, and reproduces in spectacular
and realistic fashion, and with a per-
fection of detail, the bold, bloody
life of the eleventh century. The
photoplay was directed by John Him-
erson, himself a Shakespearean
scholar, and it is said the costumes,
mannerisms, armor and im-
plements of war, as well as other
minute details, have been repro-
duced with utmost fidelity.

Constance Collier, the famous
English actress, who was Sir Tree's
leading woman in his London
Shakespearean productions for sev-

RIPPLES FROM REEL.

WHAT FILM-LAND'S PROPOS-
DOING AND SAYING.

By Grace Kingsley.

William A. Hart will be
shortly on the Triangle
in a story that is distinct
thing in which he heretofore
appeared. He is to be pro-
duced by Thomas H. Ince in "The
Vengeance," a stirring
the pen of Monte M. Katter-
john. The story deals with the
mountain legends and is
handled with much realism.
The story will be seen as David
Harrison, who is the chief
sturdy Kentucky mountaineer.

Norma Explains.
